

Marley Youth Dies When Car Overturns

QUIZ FEATURES HOMECOMING PRELIMINARIES

"Allen Denny - in 1852." That is the name of the person who laid out the town of Mokena and when.

And it constitutes the answer to the question asked last week by the committee in charge of arrangements for the Mokena homecoming.

According to the committee a question concerning incidents in the early life of Mokena is to be published each week in The News-Bulletin. A dollar is to be paid to the first person to call in with the correct answer. The calls should be made to Marcelle Lehman, chairman of publicity for the Homecoming.

The contest began last week and the first question published was, "Who laid out the town of Mokena and when?"

The answer - quoted above, Allen Denny, was given by Mrs. Florence Pitman. She was the first of many to call and being first received the dollar bill.

Can Win Only Once
Of course, what the committee wishes to impress on the public now is not the date when Mokena was laid out, but the dates for the Homecoming - Aug. 19, 20 and 21.

The lights will be on in profusion on those dates in August but on what day were electric lights first turned on in Mokena? That is the question the committee has posed for readers of The News-Bulletin this week. The first person to call Mrs. Lehmann with the answer this week will receive a dollar. The answer will be published in next week's News-Bulletin. Mrs. Lehmann's telephone number is 4661. It also was decided that winners are not eligible for prizes in the remaining contests.

Queen Contest
Harley Mann is chairman of the committee in charge of prizes to be awarded during the Homecoming. First prize will be a wardrobe valued at \$150 for either man or woman. Other awards will include a boy's bike, a girl's bike, a deep fryer, home utility kit, a quarter of beef, electric frying pan, power mower and badminton and croquet sets. These prizes will be given out in connection with the queen contest. The queen, to be chosen by ballot at a quarter vote. Each organization in the village has been invited to select its own candidate for queen. The list of candidates for queen will be published later.

MIDWEST MAY BE WORLD'S MOST IMPORTANT AREA

Destruction of Chicago would be far more crippling to the nation than loss of New York, Washington, or Los Angeles says Prof. John H. Garland of the University of Illinois in a new book, "The North American Midwest," to be published this fall. He predicts Chicago may become the largest city in America and declares that the Midwest, because of its location, natural resources, and culture, may be the area on which the fate of the free world will one day stand or fall.

Everyone Welcome At Annual Marley Picnic On Fourth

The only special celebration for July 4 in this area, is the annual picnic as sponsored by the Marley Brotherhood.

A change of location is being made this year, as the picnic will be held in the new park at Marley, Haley Park, starting at 11 a.m. and continuing until 7 p.m. Local citizens have worked hard and long to clear the space and it has been stated that the park is really a lovely recreation place now of natural beauty.

The program for the day will start at 11 a.m. with games of skill. Dinner will be sold at noon, cafeteria style and everyone is welcome to take advantage of this service and save bother of packing a lunch at home.

At 1 o'clock the program will be presented with singing, music and a speaker.

Speaker From U. of C.
Those in charge are happy to have secured as a speaker, Kermit Eby, an instructor in the social science division of the Chicago university, author and lecturer.

Mr. Eby was reared in a Menonite Brethren farming community from where he received his inspiration of a Christian rural foundation for his down to earth philosophy. Six years spent in the C. I. O.'s Washington office of Research and Education put him in touch with labor policies, political parties, and pressure groups.

He has been a member of the Friend's service committee's Goodwill mission to the Orient in 1933, a member of the national commission for reorganization of education in Japan in 1946 and a member of the national commission for Unesco, Paris in 1947.

Ball Game at 2:00
There will be a baseball game at 2 o'clock, the Bucks vs. the Braves. At 3 o'clock will be the children's hour with races and contests. These will be repeated during the afternoon.

The shady stands and refreshments will be an attraction and at 5 o'clock a cafeteria supper will be available.

Not to be overlooked is the sociality that will prevail all through the day. Vespers will be at 6:45 and at 7 p.m. "Day Is Done."

Marley Man Suffers Severe Foot Injury In Tractor Accident

While Fred Brown was cultivating corn on his farm west of Marley last week, his left foot was caught in the power lift, which crushed his heel, chipping the ankle bone, besides tearing ligaments and breaking some bones in his foot.

He had just completed a round in the field when the accident happened and drove the tractor all the way home. He was taken to Silver Cross hospital where he is still confined, his foot being in a cast.

It was a fortunate coincidence that the Brown's son Pvt. Stanley Brown returned from camp on a furlough that week who is handling the farm work for the time being.

GIRL SCOUTS ENJOY CAMP AT MOKENA PARK

Seventy three girls were enrolled in the 5 day camp conducted at Mokena Community park by the Mokena Girl Scout organization.

Mrs. T. A. Shoop, camp director, reported that the program was the most successful day camp program to be given in the past eight years.

The camp director commended the Scouts on the manner in which they kept the camping area cleaned up and added praise for the way in which all children using the park keep the grounds free of litter.

Five campsites were used by the Scouts, who were divided into units. Unit 1, the smallest Brownies, were led by Mrs. Helen Lemke and Mrs. Fred Lehmann, assisted by Mrs. Edward Carroll and program aide Bonnie Sproat.

Give Program
Unit 2 was headed by Mrs. Mary Stanisz and Mrs. Leroy Harling, and program aides, Margaret Jones and Karen Anderson. Leaders of Unit 3 were Mrs. Frances Robinson and Mrs. Mildred Anderson. Mrs. Kay Owens, with program aides Janet Maue and Carol Gilmore, had charge of unit 4 while Unit 5 was directed by Mrs. Herta Hamilton, assisted on different days by Mrs. Joseph Heim, Mrs. Harold Behen and Mrs. Wesley Cappel.

Each unit put on a sketch and sang at a program last Friday afternoon. Guests included mothers, grandmothers, and some 50 little brothers and sisters. Ice cream and cookies were served.

Find Mokena Site Best
The camp nurse, Mrs. Florence Neithammer, had a busy time. Temperatures were taken every morning, courses given in first aid and bandaging and because of the many hawthorne trees, dozens of thorn wounds were treated daily. Also busy was Mrs. Louis Badien who made all of the food purchases at Mokena stores every day, and delivering the supplies in time for lunch.

Mrs. Donald Ambuehl and Mrs. Ann Yunker had courses in handicraft that were quite popular, weaving baskets, and making nature pictures.

Ten of the older girls camped out Thursday night with Mrs. Neithammer and Mrs. Hamilton as counselors.

Incidentally, the day camp this year was the first held with out participation by Frankfort. Frankfort does not have any Girl Scout troops this year.

Mrs. Rudolph Engelhardt, neighborhood chairman of Girl Scouts, took a group of women on a tour of day camps at Blue Island, Joliet and Wilmington and they agreed that the Mokena site is the most beautiful.

GARDENERS TO MEET JULY 11

The three Garden Guilds of Palos Park will be hostesses to the members of the Green Garden Club of Illinois at their second summer meeting which is to be held at Community Center Foundation in Palos Park Monday, July 11th.

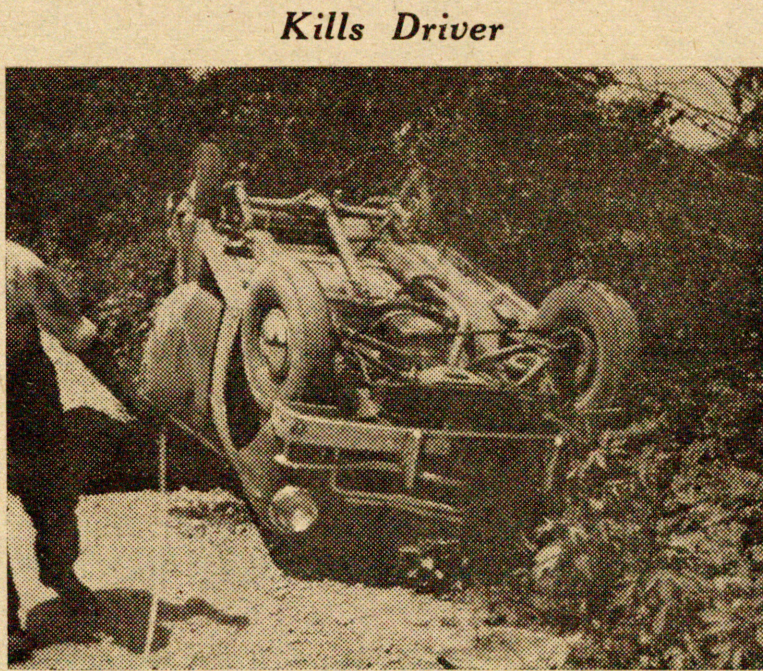

A buffet luncheon will be served at noon. Immediately following, an interesting program will be presented by Paul Bruns, a commercial orchid grower and owner of one of the largest collections of orchids in the United States. His talk will be illustrated with slides.

The Community Center Foundation is known as "The House by the Side of the Road." It began as an "Adventure in Faith" during the depression days of 1930 when the Reverend Paul T. Sanders decided to put his philosophy of life to a living test. Then the Center served only a small number of people in surrounding communities. But now thousands enjoy its facilities each year. The buildings are situated on a sixty acre tract of farmland and woods. A small but very complete herb garden is one of its many attractions. This, as well as the Chapel Garden and Craft shop, will be open to the Garden club members.

At 10 a.m. the board of directors of the Garden club of Illinois will meet at the home of Mrs. Leo Kauffman. Mrs. Lawrence F. McClure of Highland Park, president, will preside.

BAKE SALE

The Band Parents of Lincoln-Way high school will sponsor a home made bake sale in the New Lenox library, Saturday, July 9 beginning at 10:30 a.m. The committee state that all donations will be appreciated.

The above shows the car which the late Harold Bell of Marley was driving when it went out of control and overturned, killing him instantly.

Kills Driver

—News-Bulletin Polaroid Land Camera

An Editorial

Bill Vukovich, twice victorious in the 500-mile race at Indianapolis, died in a tragic accident on Memorial Day week end trying for an unprecedented third win in a row.

The news of Vukovich's fatal crash on the speedway filled radio listeners with horror. They mourned a popular hero. Several hours later came the news of 368 deaths in other fatal auto crashes on the highway. But the absence of drama in these accidents - and the anonymity of the victims - produced no comparable sense of loss to the nation as a whole.

Bill Vukovich took a calculated risk when he stepped into his high-speed car. He was an expert driver and he knew the odds. You and I might say he was foolish to take such chances. But just what chances did he take, as compared to those many so-called "pleasure" drivers take?

First, he was a fine driver. He had passed a rigorous examination of his skill and his physical condition before he was allowed on the track. His reflexes and coordination probably were far above average.

His car was tuned like a fine watch. Every mechanical part had been checked and rechecked. He would have changed tires twice had he finished the race.

The car was reinforced with rollover bars. He wore a crash helmet and safety belt.

His fellow drivers also were experts. They were all going one way. There was no cross traffic, no pedestrians, no narrow bridges, no turns, hills, no blinding lights and countless other hazards met in almost every mile of ordinary roadway.

And a glancing crash into a retaining wall at 120 m.p.h. does not develop the lethal force that a head-on collision does of two cars traveling 60.

How many highway drivers know as well as Vukovich did the hazards they may encounter? How many are as well equipped to cope with them?

So when you drive your car on the Fourth of July, think of Vukovich - not as a fast driver, but as a man who knew what he was up against and took calculated risks. Make sure you know what you are up against on the highway this week end - and drive accordingly.

PLAN CIVIC CHOIR FOR MOKENA -WILL BEGIN TRYOUTS JULY 6

Plans have been completed for the organization of a musical group to be known as the Mokena Civic choir. Membership is open to all individuals over high school age possessing an acceptable singing voice. It is felt that the younger students have a chance to join in the musical organizations at Lincoln-Way whereas the adults have no immediate source of musical participation in Mokena.

For those individuals who feel as though they cannot join because of the lack of a suitable singing voice or because of other commitments, we hope to renew the custom of patronage. Through these patrons, enough financial support might be gained to make the civic choir self supporting. The patrons would then be recognized at the various concerts which would be presented.

It is hoped that enough people will show interest in such an organization so that at least two concerts may be planned for the year. One might be the annual presentation of Handel's "Messiah" at Christmas while the second would be a "Pops" concert in the spring or early summer.

To Meet in School
Permission has been obtained from the school board to meet in the public school until it is deemed necessary to meet elsewhere.

The choir will rehearse Thursday evenings (with the exception of the first Thursday of every month) at 8 o'clock. Tryouts will be held July 6, 11, and 13, from 8 to 9:30 p.m. in the public school. Individuals desiring to join but are unable to attend any of the above tryout dates and the individuals wishing to become patrons are asked to please contact the director at the public school any weekday evening from 6 to 8 p.m.

The civic choir will be under the direction of Glenn L. Miers, music instructor at Mokena grade school. Dolores Cooper Barenz is to be one of the accompanists.

Bernards To Use Family Name As Prefix To Herds
The three Bernards, William, the father, and two sons, Walter and Norman, all of Mokena have each been given exclusive use of certain names in registering the purebred Holstein - Friesian cattle they raise. The prefix name will be recorded by the Holstein - Friesian Association of America.

In the case of the father the herd name registered is "Bernard Acres"; for Walter the name is "Bernard Crest," and for Norman, "Bernard Dale."

Miss Carolyn Wise, daughter of Mr. and Mrs. Clarence Wise of New Lenox is attending the state conservation school at Lake Villa this week. She was sponsored and sent to the school by the New Lenox Garden club. Carolyn will be a junior at Lincoln-Way high school in the fall.

EXPERTS WARN AGAINST SPEED OVER HOLIDAY

Local officials join with those of the county, state and nation in urging motorists to drive carefully during the Fourth of July week end and avoid death or injury.

"Take Your Time," should be a slogan firmly fixed in mind of every driver, safety experts declare, pointing out speed is the major factor in most accidents. A light foot on the accelerator is safest, they point out.

Speed drivers may escape involvement in an accident themselves but are the direct cause of others being in crashes, experts say. The association of casualty and surety companies say that about half of the fatalities and injuries feared likely to occur on the nation's streets and highways over the long Fourth of July week end will result from speed.

Direful Prediction

Despite the fact that the holiday week end which begins officially at 6 p.m. Friday and ends at midnight, Monday, will give motorists, better than three days for travel and relaxation, 154 motorists and passengers will face death and 9,100 may suffer injuries as a result of driving too fast. An additional 72 are likely to be killed and 1,360 injured while driving on the wrong side of the road.

Other fears are for 50 deaths and 2,000 injuries from reckless driving, 42 deaths and 5,000 injuries from failure to yield the right-of-way, 26 deaths and 1,100 injuries from fatigue or falling asleep at the wheel. Accidents from all other causes will account for 41 more deaths and the balance of injuries.

If these estimates hold true, 385 people will be killed and 21,000 injured in Fourth of July holiday traffic accidents. In addition, 3,000 pedestrians will suffer personal injuries. Drinking will be a factor in one out of every four fatal traffic accidents.

Take It Easy

"If motorists would not try to pack too much activity into the 78-hour holiday, much of this needless tragedy could be avoided," Thomas N. Boate, manager of the association's accident prevention department declared. "The time to begin being cautious is when planning the trip. Don't try to cover too much ground; begin your trip, and your return home, so as to allow a little extra time for traffic congestion and emergencies. The rest is simply adhering to the basic driving rules and exercising a little courtesy and self control when you drive. These simple things could mean the difference between a safe trip and tragedy for every motorist on the road."

Auction To Feature Lions Club Festival; Seek Items For Sale

An auction sale will be one of the features of the New Lenox Lions club festival to be held at the Lions Den in that community July 22 and 23.

Right now those in charge of the festival are seeking items to go on the block at the auction. Persons who have anything to contribute for the sale are asked to call Charles Carnahan at New Lenox 4621, and the Lions will pick it up. They will accept anything up to elephants, white or real. Last year someone in Chicago gave the club five rooms of furniture which the Lions trucked down to New Lenox and sold at the auction.

According to those in charge a number of items have been collected already, including stoves and electric refrigerators.

Roy Pfeifer is in charge of the festival. The auction, it was emphasized is just a part of the whole deal. There will be rides and games and other entertainment.

L-W Administrator Teaching At Bradley

Dr. Ralph Wright, assistant principal at Lincoln-Way, is teaching at Bradley University in Peoria. He started last Friday and will complete his assignment July 9. During the past several summers, Dr. Wright has taught several courses at Bradley in Guidance and Psychology.

After July 11 Dr. Wright will be at Lincoln-Way and will assist students this summer with any changes in their programs. He will also work on the class and room assignments for all of the students. In addition, Dr. Wright is completing the revision of the Teacher's Handbook on policies and procedures.

Rites For Harold Bell Are Conducted Tuesday

PERSONAL TAX STILL PROBLEM

Too many people fail to pay their personal property taxes.

That was the consensus of opinion expressed at a meeting held at Lincoln-Way high school recently attended by representatives of various school boards and the townships which make up the Lincoln-Way district, Frankfort, New Lenox and Manhattan.

Supervisor William Kampe of Frankfort produced figures from the county treasurer's office to show that the delinquent personal taxes in the three townships in the Lincoln-Way district total approximately \$20,000, for the year 1953 which were payable in 1954.

Residents of New Lenox township show the greatest laxness in paying personal property taxes, the figures show, the delinquent account there being \$10,687. Frankfort township was next with \$6,828 past due while the delinquency figure for Manhattan was \$2,434.

Could Keep Teachers

Supervisor John Francis pointed out that out of the \$20,000 delinquent approximately \$6,000 would have come to Lincoln-Way school, with the elementary districts sharing in proportion to their valuations.

Lincoln-Way could have used this money. So could the elementary district, their representatives said and Albert H. Krusemark, Jr., president of the Lincoln-Way board said this money would go a long way in keeping outstanding teachers in the local schools. Too frequently, Mr. Krusemark added, local teachers have left for better paying positions elsewhere. He suggested more publicity and information on the subject should go to the taxpayers and school supporters.

Study Assessors Needs

Two other important suggestions were made: one, that the Illinois School Board association be contacted to ascertain if the depreciation on public utilities could be more closely supervised, and two, to make a study of the needs of local assessors.

The assessors had been invited to meet with the school men last week to discuss means for getting more uniform assessments but did not appear.

Assessors salaries are low and therefore there is no incentive for anyone to devote too much time to the task, it was pointed out. To do the job most efficiently, it was said, the assessors need deputies but don't have the money to pay them.

Town board fix assessors' salaries within the limits prescribed by statute.

Those at last week's meeting expressed disappointment in what they described as lack of public interest in the school. Not even all the grade school districts were represented.

Under an agreement with the Chinese Red Cross, the American Red Cross on May 30, made its first shipment of food and comfort parcels to the 44 American civilians and airmen held in Communist China.

LINCOLN-WAY CAFETERIA SERVES 44,847 LUNCHESES

The cafeteria at Lincoln-Way high school had a successful year. Figures show that the 1954-55 lunch program had a deficit of \$100.76, but actually it could be said that it operated at a profit if one includes the inventory of canned foods that is available for use next season. This inventory, the report on the program shows, more than off sets the apparent loss.

The sale of lunches totaled \$15,434.47. This sum together with other receipts and federal and state grants, brought total receipts up to \$20,105.64. Expenditures totaled \$20,206.40, which broken down shows food costs to have been \$13,115.01; labor, \$5,251 and miscellaneous \$1,840.39.

Cafeteria a Non-Profit Set up

The school cafeteria is not operated as a profit making venture, it was explained by Supt. A. Hunter Chapman, but to provide students and faculty with a convenient place in which to obtain wholesome, properly balanced meals. With the school located as it is and serving the large territory that it does, it would be impossible for students

Funeral services for Harold Bell, 19, of Marley, who was killed Saturday morning in an automobile accident on Francis road, two miles west of Mokena, were held Tuesday afternoon at 3 o'clock at the Sonntag funeral home in Joliet with the Rev. Herschel Aseltine, pastor of the Marley Community church officiating. Burial was in Maplewood cemetery, New Lenox.

The victim was alone at the time of the accident. He was enroute to Woodruff golf course on Gougar road at Joliet, and was traveling west on Francis road.

As he went into the curve in front of the Walter Kopp farm, Bell's car apparently skidded in the loose gravel, went out of control and rolled according to State Police Officer Herman Becker. The youth was catapulted to the ground and the car rolled on top of him. Apparently he was instantly killed according to Coroner Willard G. Blood.

Caught Under Car

Mrs. Kopp heard a noise and then saw a cloud of dust. She called her husband who investigated and found the wreck. When Mr. Kopp took in the situation he ran to his home and called the Cooper-Horstert garage in Mokena and also state police. A wrecker was dispatched to the scene and the car lifted from the victim. This was a grim moment for Ralph Spiecker who had accompanied the wrecker to be of service if needed. When the car was lifted and the victim exposed, Spiecker discovered that it was his nephew.

At the inquest held Monday it was determined that the boy was accidentally killed when he lost control of the car he was driving, which belonged to his father. Mr. Bell testified at the inquest that his son had planned to go to the Woodruff golf course by way of the Marley road, but as the Wabash train blocked the crossing there for 20 minutes he turned around and came through Mokena to go by way of the Francis road. He had an appointment with friends at the golf course.

The victim was born in Joliet, the son of Everett and Eva Bell, of Marley and was graduated from Joliet township high school in June of last year. He was employed by the Joliet Marine Supply Co., a division of the A. L. Mechling, company in Joliet.

Brother in Air Force

Besides his parents, Harold is survived by a brother, Robert, now in Japan with the U. S. Air Force, and his maternal grandparents, Mr. and Mrs. Frank Spiecker, of Marley.

An attempt was made to notify the brother in time so that he could arrange to fly back for the funeral. The family first attempted to get in touch with Robert thru the Red Cross but when they finally talked with him at 3 o'clock Monday morning to ascertain if he could be back for the funeral, they learned that he had not been contacted previously and that the conversation was the first notice he had that Harold had been killed.

A walrus' whiskers are pieces of cartilage, and not hairs.

Cattle that contract blackleg usually die within 24 hours.

Officiate At Cornerstone Laying

The Rev. Pius Barth, Franciscan Provincial of St. Louis Province, (right) shown here with the Rev. Cecil Koop, pastor of St. Mary's church of Mokena, officiated at the recent laying of the corner stone of the new St.

Mary's church and school under construction at 195th st., and 115th ave. It is expected that the church and school will be ready for use next fall, according to those in charge.

—Photo by Mary Zemeskenations will be appreciated.

Film Tells Story Of Uncle Sam's Bid For Peace

The cloud of secrecy surrounding the world's most awesome striking force is dramatically lifted by "Strategic Air Command," which beginning Sunday, July 3 thunders across the screen of the Hill Top Drive-In theatre. The closely guarded gates that until recently remained shut to the public have swung open to give the nation its first full-scale look at the incredible planes and men of our top-secret atomic air arm.

"Strategic Air Command" is not a war story. It is in fact the

greatest peace story of the past decade. For the branch of the Air Force from which the picture takes its name is entrusted with the preservation of the peace—by maintaining a destructive potential so fearsome that no nation will dare to attack us. It is of the special breed of men who have shouldered this tough, est flying job on earth that "Strategic Air Command" treats—the men, and the women who wait for them and the fantastic planes that carry them.

W.B.A. News

The Woman's Benefit association, Sunset Review 160, met June 16 in the American Legion hall with Vice President Mildred Sayre presiding. Marjorie Janzon and Joan Breitbarth were initiated by past president Helen Breitbarth. Helen Johnston reported her husband improved and that he has been moved to St. Francis hospital in Blue Island. Our president, Irene Skubisz was reported ill. Irene Bauer is also ill. Our district manager, Rose Larson of Chicago, was present. Refreshments were served by Thelma Day, Corinne Mackey and Selma Lahue who also provided prizes for bunco. All had an enjoyable time. The next meeting will be held July 21.

Centennial Costumes Feature Party of Frankfort Club

The Frankfort Centennial Belles of the Frankfort Women's club entertained the Centennial Sisters of the Swish of

Matteson last Wednesday afternoon at a tea, on the lawn of the Henry G. Breidert home, on Wolf road. The pleasant affair took place June 22 with 129

DeFrank - Goesel Nuptials Held At Riverdale

The Rev. George E. Shea officiated at nuptial services for Miss Marilyn Ka DeFrank and Donald Leroy Goesel. The bride is the daughter of Mr. and Mrs. Louis F. DeFrank of Ivanhoe and the bridegroom is the son of Mr. and Mrs. James Studer of Tinley Park.

The ceremony was read in Queen of Apostles church in Riverdale on June 25 at 11:30 a.m. Nuptial music was provided by the organist, Mrs. George Stewart and by Donald Warnicke, who sang "Ave Maria" and "On this day, Oh beautiful Mother." Baskets of white snapdragons and gladiolas formed the setting.

Carries White Orchids

Given in marriage by her father, the bride wore a gown of white satin with tulle overlay. Her finger-tip veil was caught in place with a seed-pearl tiara. She carried a bouquet of white orchids, and stephanotis with satin ribbons.

Miss Lois Bender of Ivanhoe was maid of honor and Miss Betty Berschinski, Miss Jeanine Chenard, Miss Sugar Walker and Miss Carol Stanwick were bridesmaids. All were gowned in shrimp color taffeta, ballerina length with matching crowns of like material and carried bouquets of white daisies. Twin flower girls, Judy and Jean Genzler of Aurora, cousins of the bride were dressed identical to the bridesmaids and carried baskets of white daisies.

West on Honeymoon

Robert Cupp of Tinley was best man. Groomsmen were Louis DeFrank, Dan DeFrank of Ivanhoe; Ken Webster of Aurora and Robert Fremder of Tinley Park. The men wore formal attire.

A reception was held in Queen of Apostles church hall at 6 p.m., with a buffet supper for 250 guests. The bride's table was centered with a four-tier wedding cake, candles and flowers.

For her daughter's wedding, Mrs. DeFrank wore a blue and white print dress with white accessories. Mrs. Studer wore pink linen with white accessories. Both mothers wore white orchid corsages.

The young couple will honeymoon at a dude ranch in Springtown, Idaho.

The groom was graduated from Illinois university, with a degree of registered pharmacist, on June 15.

Couple To Wed At Tinley Methodist Church Saturday

Mr. and Mrs. Herbert C. Bettenhausen of Tinley Park, announce the approaching marriage of their daughter, Phyllis Mae to Paul Douglas Ebeling, son of Mr. and Mrs. Robert F. Ebeling of Orland Park.

The wedding will take place in the Tinley Park Methodist church at 4 o'clock this Saturday afternoon, July 2. A reception will be held in the evening in Saenger hall at 8:30. All friends and relatives are invited to the ceremony and reception.

H. Neil Hardy, Lincoln-Way Teacher, Is Wed To Dorothy Jean Hyndman At Sharon, Wis.

The Methodist church of Sharon, Wis., on June 18 was the scene of the wedding of Dorothy Jean Hyndman, daughter of Mrs. Wirt Hyndman and the late Wirt Hyndman, to H. Neil Hardy, son of Mr. and Mrs. Glenn Hardy, Carthage, Ill.

The Rev. Leslie Archer of Monticello, assisted by Rev. Ardyas Van Stavern of Sharon, officiated in the double ring ceremony. Professor Robert Wolff, Carthage college, was organist and accompanist for Keith Hardy of Chicago, cousin of the groom, as he sang "I Love Thee" by Grieg, "O Perfect Love" by Barnby, and during the service "The Lord's Prayer" by Malotte.

The altar was decorated with two baskets of white gladioli with two silver candelabra with lighted tapers in the background. The bride, who was given in marriage by her brother, James Hyndman, wore a ballerina length gown of pure silk shantung fashioned with a deep neck line edged with seed pearls, short gathered sleeves, long fitted bodice, and a princess skirt gathered at the hipline. Her circular fingertip length veil of white nylon illusion was held in place by a crown of lace and pearls. She carried a cascade bouquet of clematis with a white orchid in the center. For something old the bride carried her mother's wedding handkerchief.

The maid of honor, Miss Irene Downey, of Woodstock, and bridesmaid, Mrs. Rex Porter, La Porte, Ind., wore ballerina length gowns of yellow bonbaze fully lined with taffeta. Matching Venice lace trimmed the square neckline of dress and extended down the back of the fitted bodice to the hem of the circular skirt. White daisies were used for their headpieces. Leonard Hardy, of Carthage,

was best man for his brother; Robert Humburg, Hinsdale, was groomsmen and Earl Dieken of New Lenox and Donald Brooks of Delavan, Wis., cousin of the bride, were ushers.

The bride's mother wore a rose two piece dress of bouclé, white accessories and a corsage of white carnations. The groom's mother wore a navy blue sheer dress with beige and black accessories and a corsage of white carnations.

Following the ceremony, a reception was held in the church parlors. The wedding cake was cut and served by Mrs. Julius Siegle, assisted by Maragret Heinsen, both of Carthage. Mrs. Gene Wildman and Mrs. Charles Parkin, both of Aurora presided at the punch bowl and the coffee service. Miss Grace Kooistra of Chicago was in charge of the guest book. Mrs. Leslie Archer, violinist, accompanied by Prof. Wolff, entertained the guests with appropriate music.

The couple left for Cleveland Ohio where the groom has been awarded a General Electric scholarship at Case Institute of Technology. For traveling the bride wore a yellow dress with long fitted bodice and full skirt, white accessories, and the orchid from her bouquet. After September 1 the couple will be at home at Aurora.

The bride is a graduate of Illinois Wesleyan University. She is teaching vocal music at the J. H. Freeman grade school, Aurora.

The groom is a graduate of Carthage college and Western Illinois State college. He is chairman of the science and mathematics department at Lincoln-Way Community high school at New Lenox.

Zion Ladies Aid

The executive committee of the Zion Lutheran Ladies Aid met Wednesday afternoon, June 22 in the parish hall of the church to discuss plans and programs for the remainder of the year. The president, Mrs. Randolph Hahn, presided.

The annual picnic was set for Aug. 3 at Tinley Creek woods. Games are being planned for children and adults. A pot luck luncheon will be served at noon.

A cafeteria supper was discussed to be held in July, tentative date being set as July 27. Tickets will be available later.

A supper for the husbands of members was planned. This will be discussed further at the next regular meeting.

Plans were under discussion for another shopping party to be held sometime in November. Members will be busy making aprons, towels, pillow cases, table cloths, pot holders, baby articles, rugs and many other articles to be sold at that time. These plans will be presented to members of the Aid at the next regular meeting for their approval and further details worked out at that time.

DORCAS LUNCHEON
A potluck luncheon is planned for July 6 at 12:00 noon at the Methodist church in Tinley Park as the Dorcas Circle of the WSCS meet for the monthly session.

VFW Aux. News

Gladys Elliott presided over the business meeting of the Ladies Auxiliary, Bremen Post, VFW, 2791, Tinley Park, June 21. Jeanette Sullivan was initiated as a new member and Grace Hunziker was welcomed as a reinstated member.

Ways and Means chairman, Ruth Rump, presented tentative plans for the year. Bess Seely, Helen Mott, Betty Zari, Josephine Snider and Eleanor Larimore assisted in the sale of doughnuts June 10. Meralina Evers and Eleanor Larimore worked at the Hines hospital June 21.

Past president Mary Maxwell gave obligation of office of guard and conductress to Kay May and Vera Nordhoff.

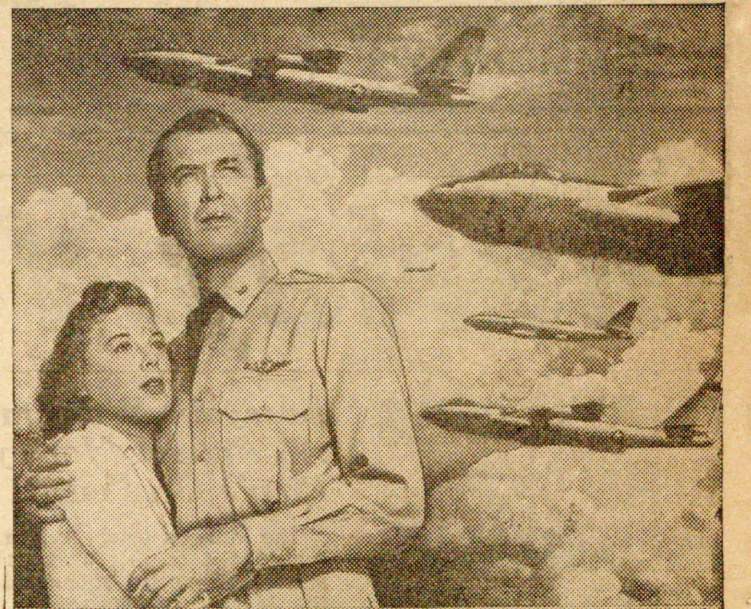

Gladys Elliott, Bess Seely, Mary Maxwell and Henrietta Seyfert attended the department of Illinois encampment at Peoria June 18 and 19.

Ten year membership pins were presented to Mary Maxwell, Matilda Steinhagen and Eta Wolf. Five year pins were presented to Gladys Elliott and Josephine Snider. Other members deserving pins will be awarded them at a later date.

Cafe and coffee were served by Helen Mott, Opal Whiteley and Catherine Mulderink, assisted by Social chairman Marge Klepper.

Hoover Dam is only 27 miles from Las Vegas, ev., over a well kept federal highway. High as a sixty-story skyscraper and more than a quarter mile across the top, the dam generates more power than Niagara Falls and Muscle Shoals combined.

First Mid-West Drive-In Showing

James Stewart and June Allyson are the romantic team whose future is dramatically altered by the call of duty in "Strategic Air Command", due Sunday at the Hill Top Theatre. Co-starred with them are Frank Lovejoy, Barry Sullivan, Alex Nicol and Bruce Bennett in a Technicolor drama of the men and planes of our atomic striking force.

Shower Is Given For Evelyn Yunker

A surprise bridal shower was held June 24 at the home of Mrs. John T. Arthur with Evelyn Yunker as the honored guest. Thirty guests assembled to place their gifts under the huge umbrella, which was placed in the center of the attractively decorated living room. Tiny ribbons were attached to each gift and they in turn were tied to the umbrella, forming a canopy of many pastel hues.

The buffet table, centered with miniature bridal party, held dainty refreshments. Co-hostess with Mrs. Arthur were, Joyce Schuldt, Mrs. Earl Yunker and Miss Lois Lindemann.

Evelyn will become the bride of Richard Goetsch on July 16 at an evening ceremony in the Tinley Park Methodist church.

150 Greet Couple At Celebration Of Golden Wedding

Nearly 150 friends and relatives of Mr. and Mrs. Wilbur Francis greeted them at their home in Lockport Sunday afternoon when they held "open house" in honor of their 50th wedding anniversary which fell on June 28. They were assisted in receiving by their daughters, Mrs. Adella Meadows and Mrs. Isabel Clark and sons, Harold and Milton. Their granddaughter Beverly Rapson, attended the guest book.

The home was adorned with bouquets of yellow and white flowers and the dining table, covered with a lace cloth, from which dainty refreshments were served, was centered by a tiered white wedding cake decorated with yellow roses, which was flown from Boston as a gift from Mrs. Francis' brother, Everett Rowley.

Guests were present from many nearby towns, with a sister, Mrs. Viola Crosby, flying from Massachusetts and a daughter, Mrs. Clark, from California.

Tentative plans for a fall play were discussed at the New Lenox Methodist Dramatic club recent potluck supper and business meeting in the church basement.

Dorothy Sheeler gave a brief resume of plays being considered for production. It was announced that tryouts would be held at the August 26, potluck picnic at the home of Jane Anderson, Haven ave. JoAnn Crisman outlined the programs for the ensuing year, which include several workshop sessions. The next meeting will be July 15.

Mr. and Mrs. Fred Sperling Jr. and children Darnley, Freddie and Craig of Los Angeles, Calif. are visiting here with their parents, Mr. and Mrs. Fred Sperling and other relatives.

Members of the Cardinal 4H club met June 29 in the home of Mrs. Clarence Wise. A picnic supper was enjoyed at 6:30. planned by the girls who had the cooking project. A demonstration was given by Jane Oram and Paula Townsend on how to make a pound button-hole. Miss Mary Carson, assistant home advisor of the Joliet office, was a guest.

Miss Avita Demask, Mrs. Frances Heisler and daughter Marlene, and Miss Marilyn Zugsag have returned home from a 4,000 mile vacation trip. They visited Boys Town in Omaha, Neb., Denver, Colo., the Grand Canyon and in Tucson, Arizona. They visited at the Immaculate Heart Novitiate with Mrs. Heisler's daughter Valerie. They were gone two weeks.

Kenneth Tauber was toastmaster at the dinner meeting of the Toastmasters club June 27 in the Methodist church. Maurice Grinberg was topicmaster; while speakers were Earl Robinson, Edmund Lord, Wm. David, George O'Brien, and David Bruns. Bill Clark was master evaluator with assistants Lester Gerald Johnson, Mike Kruck, John Minion and John Burlingame. Timekeeper, was William Wilson and invocation and benediction, William Heidrich.

The New Lenox Garden club will meet Thursday, July 7 at the drug store at 12:30. The group will then motor to the Johnson Nursery on Lincoln highway for garden information from Mr. Johnson. The group will then motor to the home of Mrs. Grace Sweet for their regular meeting.

The Village Board will meet Wednesday evening, July 6 for their regular monthly meeting in the local fire station.

The Holy Name society of St. Jude's catholic church will meet for their regular meeting on July 5th at the parish hall.

Joey Johnson of Lockport spent last week here with his cousin, Don Alan Anderson.

Keith Thackrey, Fred Stone, and Dale Anderson of Boy Scout troop 49, will leave Sunday for Midway Campsite, Rainbow Council, Boy Scout reservation in Morris, where they will enjoy a week's camping trip.

Joseph Hartung has returned from a week's business trip to the east.

Mrs. Muriel Hilliard, Christine, Terry and David Duffy are spending the summer at the Duffy cottage on Lake Macatawa at Holland, Mich.

Mr. and Mrs. Leonard Warrington and John and Karl and Fred Stone and Mr. and Mrs. Palmer Luce, attended the Field Day meet of the Amateur Radio society held at Moose Island in Channahon Sunday.

Carol Barbara, Jimmy and Nancy Yunker attended a birthday party Monday afternoon honoring Wanda Yunker, daughter of Mr. and Mrs. Donald Yunker at Orland Park.

Kurt Warrington returned Monday night from Peotone where he spent a week with his aunt and uncle, Mr. and Mrs. Lloyd Bettenhausen and son.

Kurt Warrington returned Monday night from Peotone where he spent a week with his aunt and uncle, Mr. and Mrs. Lloyd Bettenhausen and son.

Mr. and Mrs. Aldrich Tomas were happily surprised when about 50 of their relatives honoring anniversary on June 21, with a beach party at Beverly Shores near Michigan City, Ind. Saturday afternoon, June 18.

The party, which had been planned by her sisters, Mrs. Mildred Jerz and Mrs. Helen Gale, both of Michigan City, was served by caterers. Perfect weather and the absence of mosquitos made the day ideal for the occasion. Relatives who attended were from Indiana, Michigan and Illinois, and his sister Mrs. Theodore Rotrek flew in from Phoenix, Ariz. to be present.

In addition to many lovely gifts, the Tomas' received silver cash gifts amounting to \$355 and tucked away among their treasured mementos of the event are the cards, many from Alpine and vicinity, which poured in from friends everywhere.

Mr. and Mrs. Tomas were married in the St. Assumption church in Chicago and lived in Oak Park until moving to Alpine 18 years ago. They have one son, Richard.

Mrs. Albert Reeves entertained a demonstration party in her home Monday evening.

The Alex Miters were happily surprised Friday when they received news that her niece, Miss Gertrude Kwiatek won first prize in the beauty contest held for the purpose of selecting Miss Community of the Lawndale and Crawford districts.

Mr. and Mrs. Alex Miters and Alex Jr. attended a reception Saturday evening for her niece Miss Gertrude Kwiatek, who graduated with honors from the Faragut high school in Chicago, Thursday. A buffet supper and dancing were enjoyed. Music was provided by an uncle who is a musician.

Mr. and Mrs. Stuart Culp, Mr. and Mrs. Albert Reeves, Walter, Larry, Marvin and Margaret Ann, Mr. and Mrs. Edward Mrozek, Edward and Carla, were supper guests in Chicago Sunday of Mr. and Mrs. Edward Giesen, who entertained in honor of their daughter Evalyn and her graduation.

Many will probably be taking time off from holiday festivities Monday, to measure corn growth. Corn, it is said, should be knee high by the Fourth of July.

It is reported that 10 year old Earl Klepser, who has been hospitalized the past several months because of extensive first degree burns, is improved. Much skin grafting has been done to the burned areas of his body and it is expected more will have to be done before he may return home. Anyone wishing to send him cards, should address them to Ward 46, Cook County hospital, Chicago.

Mrs. Pauline Broderick, who has visited with her daughter and family, Mr. and Mrs. Aaron Simrell the past two weeks, left for her home in Pound, Wis., Sunday.

Betty Jean Stellwagen and Arthur Walker have returned from Mt. Carrol where they spent a week at the Shimey Junior High Baptist assembly.

Blue Island To Have Parade, Fireworks; Lions Are Sponsors

A parade, almost a mile in length, will usher in the Fourth of July picnic at Blue Island. The parade will move along Western avenue, beginning at 1 p.m. Monday.

Fireworks, scheduled to last an hour and a half, will be shot off at the Community High School stadium, 127th and Sacramento as soon as it is dark. Evening program begins at 6:00 p.m. when the grounds will be open to the public; all seats free, as the guests of the Lions club, sponsors of the July 4th celebration.

Stadium performers will include an exhibition of the 100-piece Horace Mann Band, of Gary, Ind., and a company of 100 more guidons and majorettes from the Gary school, in competition with four American Legion Drum and Bugle Corps: Norwood Park, Ardennes, Kanakake and Square Posts; all are scheduled to march in the afternoon parade midst other units.

Trophy winning parade floats and marching units will be seen in the winners' circle at the evening entertainment.

The afternoon parade begins with the 60 piece Blue Island Public Grade School band, headed by 20 majorettes known as

the Twirling Jewels, coached by Jewel Andersen.

Three other majorette groups strutting in the children's parade are the 75 member unit, sponsored by the Calumet Park American Legion and led by the Jorgenson Trio; the Javer Twirlers of Tinley Park; and the Marching Fayettes of Robbins.

Patriotic costuming and floats have been stressed in the procurement of children's entries and over 100 junior paraders are expected by Dr. R. W. Vance, chairman of the children's parade.

Traditional secrecy surrounds the parade float entries in both junior and senior parades. However, it is known the number already registered exceeds 200 units.

Philip Lohse is senior parade chairman. He is assisted by Leonard Bartle.

Parade marshals of both the junior and senior parades will be mounted. Community High coed, Ruth Winterfeldt, will be astride gentle 14 year old "Thunder"; Frank Bella will be riding his spirited golden palomino, "Abner."

Another horse in the line up is grand champion "Courageous Mazie," residing in silver en crusted saddle and bridle, ridden by Allen Sturmer of Tinley Park. Buck and Brite twin ox team, from Cherry, Ill., are being imported with their authentic covered wagon, for the benefit of Davy Crockett fans. Another popular animal to appear is Beulah, Borden Dairy's personable cow.

Devotional Reading: Jeremiah 1:14-19.

Patriotism

Lesson for July 3, 1955

Is a man subversive if he—has an international outlook? fails to conform to popular styles of patriotism? will not promise to support every war in which his country engages? speaks out against his nation's sins?

In this year of grace 1955, men who fill the above qualifications are cried down as subversive. Perhaps it has always been so. But in the sight of God, some such men have been honored above their stone-throwing fellow-citizens. One such person of record had what most people would call a "bad" record. He had been accused of subversive activities. He had predicted defeat for his nation while at war, and had publicly advised surrender. He had a record of jail sentences. He just missed being executed, several times; and finally died, so tradition says, at the hands of a lynching party. Nevertheless he was one of God's great prophets. His name was Jeremiah.

Professional Patriots

Jeremiah's chief enemies were also called prophets by their contemporaries. History calls them false prophets, though to the "man in the street" of that time they seemed to be the true ones. The false prophets did not really have a word from the Lord. Their words were suggested by what the people wanted to hear. Their sermons were suggested by their own desire for prestige. They were suggested by their wish for a good income. Not long ago an American organization, professedly patriotic, was selling mottoes to put on automobiles, reading "The only good Ism is Americanism," or some such phrase. The decals with that motto were selling like hot cakes, for people did not like to seem unpatriotic by refusing to buy and carry a slogan like that. But the mayor of the city investigated and as a result the sale of the things was stopped. He discovered that an advertising agency was getting 75% of the money and the "patriotic" organization 25%. The real promoters were not patriots, they were profiteers. They would have sold any motto at all for a 75% take-off. Not every one who hollers for his country is a patriot.

Justice for All

Nevertheless, just as glass "diamonds" don't make real diamonds impossible, so false prophets do not destroy the truth of real prophets, and false patriotism does not do away with true love of one's country. That man Jeremiah was a real patriot. That is to say, he had a real love for his people and his land. (Incidentally, he was one of the first persons to call mistreatment of the soil a sin.) The word "prosperity" has a magic sound for most minds. Jeremiah was tough enough to ask questions about the prosperity some people had in his time. He threw pitiless light on the fact that some few were getting rich at the expense of the many. He had what seemed then a strange idea, though it turned out to be true, that the very wealth which was piled up in the palaces of Jerusalem was an unhealthy sign, for to use modern language, the wealth was badly distributed. Most of his fellow-countrymen were under-paid, many of them were slaves, while the king and his court were rolling in luxury. True patriotism asks as Jeremiah did: What is happening to the people, all the people? and not simply: Am I getting ahead?

Leadership

Jeremiah preached to the people, but some of his most important messages were directed to the leaders of his nation, the king, the princes, the priests. He knew that the men at the top make the policies which affect the masses. Jeremiah's preaching failed to stave off the end which he predicted, for the men at the top did not change their ways. The success or failure of a nation depends on the stamina and character of the people, but especially of the leaders. No one can consider himself patriotic who votes for a second-rate candidate for public office if a first-rate candidate is available.

6,000 STUDENTS WORKED IN ILLINI UNION BLDG.

Six thousand University of Illinois students have earned part of their college expenses with jobs in the Illini Union Bldg. in the 14 years since it opened. In that time the building has been used by 50 million visitors.

The \$1,400,000 structure was built and furnished in 1941 without cost to the state treasury through a federal grant and private loan which is being paid off through fees and earnings. The building includes lounges, food services, meeting and game rooms, browsing library, ticket sales and information desks, and other services.

Can't Tell Cheeses Without Scorecard

With more than 800 names for different cheeses it is no wonder that one may sometimes become confused.

Miss Patricia Wyatt, foods specialist at the University of Illinois, says all of these varieties can be classified into eight basic groups. Difference in the way the milk is handled determines the flavor of each group and gives each variety of cheese particular characteristics.

These eight basic groups are soft-ripened cheese, surface-ripened cheese and interior-ripened cheese, as well as whey cheese, club cheese, processed cheese, cheese food and cheese spreads.

Miss Wyatt says the kind of milk that is used, whether it's cow's, sheep's, or goat's milk or a mixture, determines one difference. Other factors include moisture content of the finished

Nevertheless, just as glass "diamonds" don't make real diamonds impossible, so false prophets do not destroy the truth of real prophets, and false patriotism does not do away with true love of one's country. That man Jeremiah was a real patriot. That is to say, he had a real love for his people and his land. (Incidentally, he was one of the first persons to call mistreatment of the soil a sin.) The word "prosperity" has a magic sound for most minds. Jeremiah was tough enough to ask questions about the prosperity some people had in his time. He threw pitiless light on the fact that some few were getting rich at the expense of the many. He had what seemed then a strange idea, though it turned out to be true, that the very wealth which was piled up in the palaces of Jerusalem was an unhealthy sign, for to use modern language, the wealth was badly distributed. Most of his fellow-countrymen were under-paid, many of them were slaves, while the king and his court were rolling in luxury. True patriotism asks as Jeremiah did: What is happening to the people, all the people? and not simply: Am I getting ahead?

Leadership

Jeremiah preached to the people, but some of his most important messages were directed to the leaders of his nation, the king, the princes, the priests. He knew that the men at the top make the policies which affect the masses. Jeremiah's preaching failed to stave off the end which he predicted, for the men at the top did not change their ways. The success or failure of a nation depends on the stamina and character of the people, but especially of the leaders. No one can consider himself patriotic who votes for a second-rate candidate for public office if a first-rate candidate is available.

6,000 STUDENTS WORKED IN ILLINI UNION BLDG.

Six thousand University of Illinois students have earned part of their college expenses with jobs in the Illini Union Bldg. in the 14 years since it opened. In that time the building has been used by 50 million visitors.

The \$1,400,000 structure was built and furnished in 1941 without cost to the state treasury through a federal grant and private loan which is being paid off through fees and earnings. The building includes lounges, food services, meeting and game rooms, browsing library, ticket sales and information desks, and other services.

THE NEWS-BULLETIN

Editorial

Should there be another New Deal administration and the thought causes many in the nation's capital piously to add, God forbid - the belief here is that it would be more "New Deal" than anything that has gone before. This opinion is based on the fact that each passing week sees the power of the big union bosses being felt more and more in Washington.

It is no secret that for more than a decade the CIO has been moving slowly but effectively toward its goal of taking over the Democratic party.

Few Changes In Pastors Made By Meth. Conference

A few changes were made in pastors in this area last week by the Rock River conference of the Methodist church.

The Rev. Ralph Miller who has served as pastor of the New Lenox Methodist church the past 10 years, was returned for another year, much to the joy of his parishioners. Also remaining for another year was the Rev. Dale Kleinschmidt of the Mokena Methodist church, which event is also pleasing his congregation.

He is a student at Garrett Biblical college in Evanston. A rather drastic change was made in the Frankfort-Green Garden Methodist churches, which have been served by the same pastors for a good many years. The Rev. Ralph Steele who has served the both churches for the past year has been

assigned as pastor to the Sandwich and Millington churches. Coming to the Frankfort Methodist church is the Rev. Benjamin F. Day. He served at the Channahon church for the past year, and was ordained at the conference last Friday.

The Green Garden Methodist church will have a pastor serving just that church. He is the Rev. John Vautrin, coming here from Wedron where he served for the past two years. He and his wife will live in an apartment in Joliet until the church is able to provide a parsonage. He is attending the Naperville college.

The Rev. Glenn Ames was returned to the Tinley Park church and also the Rev. Robert DeMoss to the Orland Park church.

The noise caused by water hammer in plumbing pipe lines can be eliminated by the use of a special shock absorbing device, says the Plumbing and Heating Industries Bureau.

Independence Day . . . a time for rejoicing in our great national heritage. The 4th of July . . . the birthday of our nation. We celebrate with festivities, with picnics, with fireworks exhibits. But let us also celebrate this great day with a pause to consider the truths upon which our nation stands: Liberty and Justice for All in one nation indivisible . . . the equality of men in God-given rights . . . and a government of, by and for the people. Happy Birthday, U.S.A!

Come in and see Patty-O-Panels

Here's a new idea for enclosing a patio, for screening outdoor living areas . . . for many projects that add beauty and privacy to your home. Patty-O-Panels create a pleasing pattern of vertical slats interwoven with a horizontal strip. Grooved rails hold the slats in position and sturdy end posts form the uprights. Each panel is about 4' high and 8' long. Packaged in compact bundles, Patty-O-Panels are easily assembled . . . can be stained, painted, or given a natural finish. For complete privacy, install 8' Patty-O-Panel screening sections - double panels, one above the other, to provide a tight fence.

SALVATION ARMY OPENS CAMP NEAR ANTIOCH - SERVES ALL AGES

Thirteen days in Wonderland arrived some 50 Golden Agers who arrived at the Salvation Army's summer camp yesterday, six miles northwest of Antioch on County Highway SA.

This is the fourth year that a special camp has been run for men and women of 60 and older. After the Golden Agers, Camp Wonderland will entertain 600 needy mothers and children of the Chicago area - 200 at a time for 11-day periods from July 12 thru Aug. 15.

Summer vacations for needy mothers and children have been provided by The Salvation Army since its first "fresh air camp" was established at Glen Ellyn in 1904. The present 70-acre rolling woodland site, on the edge of the Wisconsin community of Camp Lake, was acquired in 1924.

86 Buildings Eighty-six buildings are scattered over the camp area. Comfortable cottages and cabins accommodate 15 and 20 guests each. Colorful formal flower gardens are surrounded by well-kept lawns and towering trees. Campers may go swimming, boating and fishing in Center lake. The recreational program also includes group games, hikes, picnics, campcraft, woodcraft and instruction in swimming, handicrafts and nature study.

A large playground area has sliding boards, teeter-totters, swings and other outdoor amusement equipment, and a baseball diamond.

Infants and toddlers are cared for in a modern nursery. A trained nurse is in charge, and supervises the preparation of individual formulas. Infants may be left in the nursery, and toddlers in the special nursery play yard so that mothers can participate in recreational activities.

Music Too In another section of Wonderland - a wooded area known as Camp Shagbark - approximately 150 young musicians will attend the tri-state music camp from June 27 thru July 4. Boy Scouts and Girl Guards from the Army's Scandinavian department will camp at Shagbark from July 5 - 11. A music institute for delegates from the Army's 11 state Central territory will be held Aug. 19 - 28.

Guests are chosen by The Salvation Army's Family Service department on the basis of need for a vacation, without distinction as to color or religion. Referrals are accepted from other Salvation Army departments and corps and from Chicago's other social agencies. Seventeen agencies will be represented during this summer's camping season.

Before going to camp, each guest has a thorough physical examination at The Salvation Army's clinics at 426 W. Wisconsin st. and 3053 Normal ave. Lt.-Col. Earl Crawford, welfare secretary, is director of Camp Wonderland.

German People Say 'Thanks' For Gifts

Thanks, for CROP gifts were recently expressed by the German people, with the presentation of modern paintings and graphics. The formal presentation was made by Dr. W. H. Vanalsmick, in Detroit, representing German President Theodore Heuss, on behalf of the German people, and made to Albert W. Farmer, national director of the Christian Rural Overseas Program. It was given in recognition of, and gratitude for, shipments by CROP of food gifts from the American people to war victims, and refugees in Germany during the past eight years. Of the total of almost 20 million dollars worth of food sent to fifty countries by CROP since 1947, about a quarter was distributed in refugee camps and impoverished communities in Germany.

The collection was purchased by a foundation which is headed by President Heuss and to which millions of Germans of all walks of life had contributed. The artists are mostly refugees and expellees, who have been helped by CROP and other relief agencies.

Mokena Homecoming - it's August 19 to 21 - your date with the home town folks.

Wherever the Need is Greatest . . . you are there to help through your Red Cross by contributing to the annual Red Cross fund campaign each March. This year the Chicago Chapter needs \$3,100,000 to continue its vital services to members of the Armed Forces, veterans, their families, and the victims of disaster - like the little girl in the chapter's 1955 fund poster, shown here.

Tinley Police Arrest Man Found Seated in Auto

A man who gave his name and address as Richard Van Buskirk, 22, of 49 Elwood st., Frankfort, was arrested in Tinley Park early Sunday morning, June 26, on a formal charge of disorderly conduct.

According to the arresting officers, Sgt. Peter Seeley and Patrolmen Robert Bettenhausen, Charles Johnson and Peter Piazza, they found Van Buskirk in an automobile in the Bettenhausen and Scholdt used car lot on Oak Park ave. He claimed that he was just looking at the car. Van Buskirk was released on bonds of \$500.

Work on the Panama Canal was started by the French in 1879.

Joliet Council, RSM Installs Officers

The annual election and installation of officers of Joliet Council, R. & S. M., took place Monday night at the Joliet Masonic temple.

The new officers are: Howard M. Shapp, Jr., thrice illustrious master; Glenn F. Logan, deputy master; John Kolb, principal conductor of the work; William H. Dougall, treasurer; Saul Moskowitz, recorder; Paul Armstrong, chaplain; Jesse McCasland, captain of the guard; Joseph Blick, conductor of the council; Christopher Tarran, steward; Willard N. Locke, marshal and Edward Mather, sentinel.

C. H. Peck, of Aurora, a past grand master of the Grand Council of Illinois, was the installing officer, assisted by Clark Keyes, Chicago; present Deputy Grand Master and William G. Mateer and Lester J. Love of Joliet.

Tops in entertainment - best in amusements, plenty to eat and see and do - at Mokena's Homecoming, Aug. 19-21.

YOUTH SPEAKS

by Rae Moschel

The dance held recently sponsored by the Teen club, for the graduates of the Tinley Park public and St. George schools was a huge success. A large crowd of teen agers attended the dance. Music was furnished by a band composed of George Kalot, Herb Hultsch, Dan Noonan and Tom Noonan. Refreshments were served. The Teen Club welcomes prospective freshmen to join them on Thursday evenings.

CHRISTIAN SCIENCE CHURCHES

How understanding of the Ten Commandments brings freedom from fear and limitation will be brought out at Christian Science services Sunday, July 3.

Keynoting the Lesson-Sermon entitled "God" is the Golden Text from Psalms (77:13): "Thy way, O God, is in the sanctuary: who is so great a God as our God?"

Scriptural readings will include the following words of Moses (Deut. 6:4,5): "Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul and with all thy might."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (200:4): "Moses advanced a nation to the worship of God in Spirit instead of matter, and illustrated the grand human capacities of being bestowed by immortal Mind."

The movie newsreel became a daily feature during President Wilson's administration.

The number of modern plumbing and heating stores owned by contractor-dealers has more than tripled in the last ten years, says the Plumbing and Heating Industries Bureau.

TINLEY TIGERS LOSE 2 GAMES TO CALUMETS

The Sportsman's club of Tinley Park journeyed to Calumet Park last Sunday where they dropped a double header 10-0 and 10-9. The first game was a sad affair for the Tinley club, which came up with only two hits, both by the shortstop, Les Becue in the 4th and 6th innings. The only other Tinley man to reach base was Joe Kwasek. This occurred in the fifth inning on an error by the second baseman.

The second game was close all the way to the end. Ron Harnack opened the game by singling and threw the Calumet ball club into an uproad temporarily by stealing second and third. Les Becue's ground ball to the second baseman scored Harnack with Tinley's first run of the day.

Tinley's lead was short-lived, however. Calumet came back in the same inning to tie it up. Tinley went ahead again the second inning but Cal scored two runs in their half to lead by one run. After a homer in the 3rd by Calumet Park, the Tinley Tigers came up with two runs to tie up the game. Wes Landau singled and went to second when Don Keuch walked. A single by "Big Moose" Nasebandt scored Landau. Keuch then stole third and scored on an infield out by Joe Kwasek.

After Calumet Park had gone ahead in the sixth inning 7-4, Tinley came up with three runs to knot it up again. Ron Harnack opened with a double, his third hit of the game. Paul Ebeling lashed a double to left center scoring Harnack. A single to right by Les Becue scored Ebeling. Wes Landau walked. On a 3-2 count to Don Keuch, Becue streaked for third and made it standing up as Keuch struck out. A single by Moose Nasebandt scored Becue with the third run of the inning.

Calumet Park scored two runs in the seventh to make the score 9-7. In the eighth, Harnack doubled and Ebeling singled to account for one run. In the ninth Don Keuch knocked a home run over the fence in left to tie up the score 9-9. In the bottom of the ninth, the first man up doubled for Calumet and went to third when the ball took a bad hop on the throw in from the left fielder to the third baseman. With none out and the winning run on third, the Tinley manager, Lester Rump, decided to walk the next two men to create a force play at the plate and possibly double the batter at first. The first batter was intentionally passed but the second batter, a lefty, took two balls and then reached out and punched the ball into left field to score the runner on third.

Ron Harnack led the Tinley attack by clouting two doubles and two singles. Don Keuch hit a home run in the ninth, the first one hit by the Sportsman's club this season.

NEW H. S. MATH PROGRAM DEVELOPED AT U. OF ILL.

With a new teaching program developed at the University of Illinois, high school students like mathematics because it is interesting and understandable. The program is designed in three years to present as much information as in the four of the conventional programs. This is accomplished by erasing the traditional walls between arithmetic, geometry, algebra, and trigonometry and discarding repetition and deadwood. For the two of every three students who never go beyond one year of high school mathematics, the new program presents much useful information, yet at the same time is a better foundation for those who go on to more mathematics study. The completely new program involved writing new teaching materials. Now using the pro-

gram are schools in Barrington, Blue Island, Pekin, and Urbana, Ill., and Dearborn, Mich. Another 15 plan to start with it this fall. Decisions of the Supreme Court cannot be overruled. Calamity Jane's real name was Jane Burke.

LINCOLN ESTATES

Mrs. James Dixon
Telephone Frankfort 4422

Word has been received here from Plant City, Fla. of the death of Mrs. Julia Miller, mother of Mrs. William Davidson, of Lincoln Estates, who is the teacher of the upper grades in Ann Rutledge school here.

Mrs. Miller had been ill for a long time, but her condition did not become acute until last week. Mrs. Davidson was notified of the seriousness of the illness and went to Plant City last Friday. Her mother died Tuesday, June 28 and the funeral is to be held at Plant City today. There are two other daughters and a son who survive.

Guests of Mr. and Mrs. Larry Weston at a picnic Sunday were Mr. and Mrs. H. Basting and children. Mr. and Mrs. M. J. Jones and children, and Mr. and Mrs. Albert Basting and children of Chicago.

Mr. and Mrs. Charles Scheeler are the parents of a daughter Lynette, born June 27 at St. James hospital.

The Saturday night Canasta club deserted cards to visit the Tom Dugan program last Saturday. Those attending were, Mrs. J. E. Machtemes, Mrs. Pauline Balsie, Mrs. Rena Steck, Mrs. Rose Nijakowski, Mrs. Mary Kubeck and Mrs. Mary Lou Dyke.

Mr. and Mrs. Paul Kluth and family were guests of Mr. and Mrs. Paul Zimmerman of Elmhurst last Sunday.

Mr. and Mrs. Albert Swatek, and Mr. and Mrs. Jerry Hamilton of Florida were guests of Mr. and Mrs. Russell Brandt of Lauderdale, Wis. Sunday at their summer cottage.

Frances Bulanda celebrated her fourth birthday Sunday with a party. Guests were Marilyn, Richie, Ellen and Eileen Kluth, Kitty Weston, Chuckie Smith, Kenneth and Chuckie Ullrich.

LEGION PLANS JULY 4TH SHOW

The Midwest's spectacular Fourth of July show - the Cook County Council of the American Legion's celebration in Soldier Field - will be more exciting and explosive this year than ever before, it was announced this week.

"The Fourth of July committee wants to keep this show the biggest entertainment value in Chicago," said Russell W. Root, celebration executive vice chairman. "We've scheduled 15 great circus acts, more than two tons of fireworks, and six feature stock car races."

ONLY 7% FAILURES AT UNIV. OF ILLINOIS

At the Urbana-Champaign campus of the University of Illinois, 7 per cent of first semester students were dropped for poor scholarships, a figure three-tenths of 1 per cent greater than last year. Students placed on probation were 15 per cent, a 1 per cent increase. The University released these figures to contradict the almost annual rumor that goes over the state that requirements have been tightened so that more and more students are compelled to leave.

"Such reports are completely erroneous," says Josef F. Wright, public relations director of the University. "For years the percentage of students dropped has remained almost stationary, and the figure at Illinois is almost identical with that in other state institutions of higher learning across the nation."

SUNNY ACRES

by Mrs. Ethel Marshall
Mokena 4691

Mr. and Mrs. C. G. Immekus entertained fourteen friends and relatives from Chicago, Wilmette and Mokena last Saturday. A dinner was given in honor of their son, Glen's twenty first birthday.

Mr. Raymond Michelson was graduated from Northwestern engineering school last week. He attended night school for nine years to earn this degree. He is a telephone line splicer for Illinois Bell Co. His wife and three children attended the ceremonies in Chicago.

Sunny Acres Home Owners association held its first family picnic Sunday, June 26 at Mesinger Woods. There were over forty families in attendance. A get acquainted was held before lunch. Many people met neighbors for the first time. Games were held at the ball field after lunch and provided much entertainment.

"Come to pa pa" race for boys was won by Wayne Stewart, two years old.

The little girls race "come to ma ma" was won by Martha Marshall, 2 1/2 years old.

The boys and girls age four to six years had to pin their names on the bulls-eye. Leslie Raske, age 5 and Maggie Marshall, age 6 were the winners.

Tommy Fee, 9 years old, pushed the potato by his nose to win the prize in his age bracket. The balloon blowing contest was won by Helen Ann Madonia although she was last to get started. There was a great scramble to find the right pair of shoes in the "scramble shoe" race. Karen Egness was the victor in this event.

The three-legged race was won by Roger Olson and John Selnik.

The teen age boys were very amusing in the "sack race." Robert Olson came through to a flying finish; the only one left in a bag of twelve entries. Claudia Halverson and Barbara Daugherty were tie in the sack race for teen age girls.

The high light of the games event was the egg tossing contest made up of 10 adult couples. Fresh eggs were being splattered on arms, legs and everywhere they hit when the recipient failed to catch them. The winners of this mad scramble were Mr. and Mrs. James Stewart of 194th St.

A very good job was done by Ethel Gattlieb, Ethel Fee, Helen Morris, Emma Senglin and "Ditto."

We would like to thank Mr. Lester Schiek and Mr. George Wannanacher for aid in obtaining ice cream and soda.

Mr. and Mrs. Al Schiekling returned home from a vacation in Spooner. The fishing was very rewarding.

Mr. and Mrs. Joseph Marshall of Chicago were guests of the Art Marshalls Saturday evening.

The William Schiekings were hosts for a reunion dinner with their son's family Mr. and Mrs. F. W. Schiekling of Dallas, Tex., and Mr. and Mrs. A. Schiekling of Mokena.

Craig Marshall of Chicago is spending a week with the Harry Fee family.

John Ford won the door prize at the Homeowners picnic. Mrs. Leo Senglin donated the prize.

Mr. and Mrs. Orval Gamble of 183 and Wolf road had as their guests for three days: Mr. and Mrs. Charles Meinen and daughter Edith Gail from Brock enridge, Pa. They spent one day in Chicago on a guided tour of the city. The Gambles are originally from Pennsylvania.

Mr. and Mrs. Charles Beers and family paid the Gambles a surprise visit Sunday. They came from Denver, enroute to Cleveland, Ohio.

Cook County Legion To Loose 2 Tons Of Fireworks July 4

Chicagoand parents are urged by Cook County Schools Superintendent, Nobel J. Puffer, to be especially careful of their children's safety over the coming Fourth of July holiday. "The 4th of July weekend just ahead is one of the most dangerous periods of the year for our children," said Puffer. "We know from past experience that hundreds of them are fated to become grim statistics in the newspapers of July 5th."

"Most of these accidents can be avoided if parents will use common sense, drive safely, supervise their children's swimming and outings, and, above all, obey the fireworks laws."

"Independence Day is a glorious holiday for Americans. It is a day that should be celebrated with a bang! But it is not necessary to kill and maim our children to have a rip roaring Fourth."

Puffer strongly recommended taking the youngsters to the great 4th of July celebration at Soldier Field on July 4, sponsored by Cook County Council of the American Legion. "Cook County Council," said Puffer, "as part of its safety program, annually sponsors one of the greatest fireworks displays in the nation at Soldier Field on the evening of July 4. In addition to more than two tons of fireworks the program includes 15 circus acts and a feature stock car races, enough noise and excitement to satisfy the most red blooded American

youth. If the youngsters want to see fireworks, and what youngster doesn't, that's the safest and the sanest place to go."

STORAGE TIME IN FREEZERS

The length of storage time for frozen foods depends upon packaging, freezer temperature and the food itself. However, foods stored at zero degrees Fahrenheit or lower will keep longer than foods at higher temperatures.

Mrs. Barbara McGrath, foods specialist at the University of Illinois, gives the following time limits for storing foods in the freezer:

Do's and Don'ts
Don't store fresh pork, poultry and fish longer than six months, or chopped and seasoned meats more than three months. Beef can be frozen for eight to twelve months and will still remain high in quality. Two months is the time limit for freezing baked products. But cooked foods should be removed from the freezer during the first month.

Fruits and vegetables can be frozen for eight months to one year. However, citrus fruits and juices should not be frozen longer than six months.

Sales of cast iron boilers in the first quarter of 1955 were 43.6 per cent ahead of sales in the first quarter of 1954, says the Plumbing and Heating Industries Bureau.

The American Red Cross estimates it will spend \$1,000,000 on emergency aid and long-term rehabilitation assistance to the hundreds of families affected by the tornadoes which struck Kansas, Oklahoma, Arkansas, and Texas in late May.

An ephemeral insect is one which is short-lived.

Rev. William J. Riemann, pastor of St. John's Evangelical church entered St. Luke's hospital in Chicago last Thursday for observation. He is expected to return home this week. Ed Goltz, a student at McCormick seminary in Chicago, occupied his pulpit Sunday during Rev. Riemann's absence.

St. Mary's Keen Teen club will sponsor a movie in the church school this evening June 30 at 7:30. Everyone is invited to attend.

Linda and Marjorie Becker, small daughters of Mr. and Mrs. Donald Becker, were baptized in the Methodist church Sunday following regular services. The Rev. Dale Kleinschmidt officiated.

Tommy Ricketts, son of Mr. and Mrs. Fred Ricketts left Sunday by plane for Stroudsburg, Pa. where he will attend Camp Pine Brook for two weeks. The camp is sponsored by Evangelist P. Crawford. Tommy's parents will drive to New York to get him at the camp in two week's time.

Mrs. Durward Fant and children Gregg, Debbie, Marla and Jan attended a wedding Sunday of her cousin Miss JoAnn Hayden in Grant Park Methodist church.

A surprise party on Father Cecil Koop, pastor of St. Mary's church, was given by the ladies of the Sacred Heart league last Thursday in honor of his 10th anniversary of his ordination to the priesthood. Music and refreshments were enjoyed by a large number of parishioners.

Harry Oswald has returned from visiting his brother Dolph and family at Guthrie, Okla. this week.

Mrs. Clida Deadmore and Mrs. Margaret Semmler attended the funeral Monday afternoon of the late Mrs. Ruth K. Johnson. Mrs. Johnson, who died last week in Glendale, Cal., was a sister of the late Hugh Deadmore. Also attending the funeral from Mokena were nieces, Mrs. James Marti and Mrs. Celia Cooper.

Miss Julia Howes, daughter of Mr. and Mrs. Irvin Howes, who underwent an amputation, Silver Cross hospital last Tuesday, returned home last Thursday.

The Sunday Evening club members of St. John's Evangelical church, and their families and the members of the adult choir and their families will drive to Bass Lake, Ind. July 4 to spend the day with the Roy Kromp family at their summer home on the lake.

Mr. and Mrs. William Lowry and children attended a farewell party of his uncle Lt. Loftus Lowry, who retired from the Chicago police force after serving in that capacity for the past 30 years. The party was held in the Viking Temple in Chicago last Thursday evening and was attended by over 500 friends. He and his daughter Shirley Lowry, left Chicago the next morning for New York from where they sailed for a six weeks visit with his brothers and sisters, in County Downe, Kilpatrick, Ireland.

Mrs. Minnie Graves of Mokena, Annie Stelter of Tinley Park, Dolores Yunker and Harold Warning and family gathered

ed in the home of Nick Yunker Sunday to help him celebrate his 81st birthday.

The Mokena Jolly Troopers 4H club met in the home of Sandy Swinford June 12. Marilyn Ambuehl showed how to make a scarf; Paula Muehler showed how to make an invisible hem and Lorraine Whethers explained how to make a bed roll. Sharon Cappel talked about 'The Basic Seven.' The group will hold a bake sale in Dunham's Hardware store Saturday July 16. Refreshments were served by Mary and Barbara and Marilyn Sorensen. —Rosemarie Munch, reporter.

William Ronald Steen, son of Mr. and Mrs. William H. Steen, was baptized in his home Sunday, June 19 by Rev. William Riemann. Sponsors for the baby were his uncles, Ronald Steen and Warren Mancke. Other guests present were his grandparents, Mr. and Mrs. Peter Mancke and Mr. and Mrs. Adolph Steen, his great grandmother, Mrs. A. F. Steen, also Mrs. Warren Mancke, Dale and Jeanne Mancke, Miss Edith Steen, Mrs. William Riemann and Miss Riele Knippers.

Today we hear a great deal about the need for tariff reform. What are the facts as they affect the United States?

In 1934 we adopted the Reciprocal Trade Agreements act. At that time we were one of the high protective tariff countries. Today we have a lower average tariff rate than any other industrial nation in the world except Japan, having cut our tariff walls from an average tariff rate of 38% to an average tariff rate of 5% only 1-5 as high as the tariff walls of our chief competitor, Great Britain.

We have set a "good example" to the other nations of the world. But what have the other nations done? Have they followed our example? They have not. Every time they reduced their tariff rates, they erected other trade

barriers in the place of their lowered tariffs - import licenses, quota restrictions, embargoes, currency manipulations, dual rates of exchange, favored nation provisions, state trading, etc. - barriers much more restrictive and effective than any tariff rate could be. In fact, Dr. Clair Wilcox, one of the greatest American authorities on international trade, says:

"The trade of the world today is more tightly regimented than it ever has been in history in time of peace."

The Dollar Shortage

What about the mythical "dollar shortage" that is supposed to prevent the European people from buying American goods? There is no dollar shortage in Europe today. The writer forced Secretary of State Dulles, when the secretary was testifying before the ways and means committee on the reciprocal trade bill, to acknowledge that "European nations today have a \$14 billion reserve, the greatest dollar reserve in their entire history." The fact is the economic situation of western Europe today is better than at any other time in its history.

The following facts taken from government year-end reports prove the above statement:

(a) 1954 was the most prosperous in Britain's history. Exports have increased, the boom persists, and Britain has achieved a "balanced budget" - something we haven't done as yet.

(b) 1954 was the most prosperous year, from an economic standpoint, that France has had during the past 10 years, in spite of her unstable government, France having changed her government 21 times during that period.

(c) Italy's national income increased 4% and her exports increased 10% during 1954.

(d) West Germany is experiencing a vast industrial and export expansion, production and exports greater than ever before in her entire history.

(e) Switzerland, Holland, Finland, Portugal, and even Spain are all sharing in this upward surge of business.

European Nations Prosperous

Is it any wonder European nations are prosperous today since we have rebuilt their factories, furnished them with the most modern machinery, and provided them our American "know-how" at no cost to them but at a cost of \$50 billion to our American taxpayers? Certainly the United States has been a "good neighbor" during the past 21 years. She has set a "good example. Must we continue to give away our American markets and American jobs as well as our taxpayers' dollars in order to prove we are a "good neighbor?"

HOMER

Lockport, R. 1
Telephone Lockport 1387M

About 25 relatives and intimate friends gathered in the Elvis Cagwin home Friday evening for a delightful post-nuptial party in honor of Mrs. Lewis Barr, the former Shirley Cagwin. The bride was presented with a corsage of white asters by the hostesses who were her sisters, Miss Edna Cagwin and Mrs. Hazel Aschenbrenner, assisted by Mrs. F. M. Milne. Buncos was played at five tables with prizes going to the winners and duplicates to the guest of honor. Following the games, Mrs. Barr opened her beautiful gifts, and later refreshments were served, buffet style from a lace covered table centered with a bouquet of white asters and blue delphinium. Among the guests was the bride's grandmother, Mrs. Don Watters.

Sunday's program and exhibit at Homer church climaxed a successful two weeks vacation Bible school in which 47 pupils were enrolled. The average attendance of 38½ was not as good as customary, due to some illness among the children as well as other out-side activities in which some of the older pupils were interested.

Mrs. A. E. Talbert was superintendent; Mrs. John Hollister and Mrs. Talbert taught the primary class Mrs. George Burchnan assisted by Mr. Talbert, the intermediate class, and Mrs. Lola Storm, the Jr. High group. Mr. Talbert was also an active director of recreation, Mrs. Jerome Paddock attended to the popular lunch program, and for the benefit of the babies whose mothers were acting as teachers, Mary and Virginia Buck managed an improvised nursery in one of the Sunday school rooms. Many other people helped with transportation and by furnishing cookies for the lunch. It takes a lot of work and cooperation to gather more than 50 people from Homer's far corners and keep them busy and happy for two weeks. Everyone who helped should be proud of his or her part in the undertaking.

Mr. and Mrs. Willard Rowley,

Jr., of Princeton are spending a few days with relatives here. Mr. Rowley came to see a Chicago specialist concerning his leg which was badly hurt in an auto accident some time ago.

The Wayside Workers' circle and their friends will have picnic dinner at the church, Thursday noon, July 7. Everyone is asked to bring own table-service, sandwiches and a dish to pass. This is always a pleasant occasion and all are invited to participate.

Because Mr. Talbert will be absent from Homer church July 3, the quarterly communion service will be postponed one week. There will be a reception of members on July 10 also. A substitute minister will conduct the service on July 3.

Many people from here attended the wedding anniversary reception in the Wilbur Francis home Sunday afternoon.

Mr. and Mrs. Willard Rowley, Mr. and Mrs. H. M. Finley and Mrs. Adella Paddock who is visiting here from California, attended a family reunion in the home of Mr. and Mrs. Jesse Cory near Rollo Sunday noon. Mr. Finley was the guest speaker at the Rollo Congregational church Sunday morning.

Mrs. Verna Ault and niece, Linda Ault of Kansas City, who are visiting relatives here and in Chicago was a Sunday dinner guest in the Lynk-Korista home on Maple road as was Mrs. Edna Mergler of here.

John Filipowicz and George Burcham are spending this week at Pilgrim Park camp near Princeton.

Carla Lein of Chicago is visiting her cousin, Marilyn Lein this week.

Pfc. Warren White is home on a 30 day furlough.

Mrs. Arthur Shepherd and daughter left this week to join her husband at camp in Virginia.

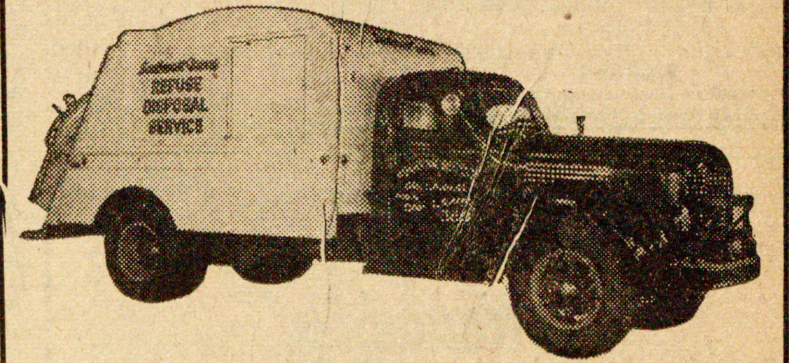

Robert Shepherd Sr. is detained from work by a leg injury.

IN MEMORIAM
STELTER, Arthur. In loving memory of my dear husband who passed away one year ago today, June 30.
The God has taken you And fate decreed we part. There's naught can ever heal The wound that's in my heart.
ANNIE STELTER

The Hobart Smiths of Sayre ave., have had as a recent house guest, Mrs. Reba Pecht of Eugene, Oregon. Their grandson, Ronnie Lee Smith of Findlay, Ohio is spending part of the summer with them also.
Mr. and Mrs. James Bastian celebrated their 34th wedding anniversary June 22.
Mrs. Bert Fulton, who dislocated her collar bone June 9, has improved greatly.
Row Fowler, son of Mr. and Mrs. Philip Fowler, is spending two weeks in Camp Sears at Pullman, Mich., with the Harvey YMCA group.

Brownie troop 267 closed the season with a wienie roast at Camp Thorne Creek June 14. The girls had a grand time. Assisting the leader, Mrs. Cynthia Benson, were Madge Pierson, co-leader, Kay Mattson, Mrs. Gordon Taylor and Mrs. Walt Zawadzki.

M/Sgt. and Mrs. James I. Price, 5129 Mt. Abbott, El Paso, Texas announce the birth of a daughter, Nancy Elizabeth, born June 15 in William Beaumont army hospital. The Prices were former residents of Tinley Park. He is now attending the Guided Missile school at Ft. Bliss, Tex.

Mrs. Robert D. Watkins has been confined to her home the past week with a severe case of pleurisy.

For the past week the Fred Willmans have had their daughter and son-in-law, Mr. and Mrs. John V. McCarthy and family of Midland, Mich., visiting them.

Frank Willman, brother of Fred Willman of Tinley Park, passed away suddenly June 18 in the Evangelical Lutheran hospital in Chicago. He was buried in the Evergreen cemetery.

Mr. and Mrs. Andrew Smith of Pittsburgh, Pa., who will celebrate their 57th wedding anniversary June 28 are visiting their son, Mr. and Mrs. George Smith and family of 6602 W. 173rd Pl.

The ham dinner given by the Tinley Park American Legion for the past week was a great success, thanks to the cooperation of the public.

Jerry Farquhar and Billy McDaniels are spending this week at Nazarene Acres, near Springfield.

Mr. and Mrs. Joe Andres enjoyed a visit with Rev. and Mrs. Henry Battenhaus of Lakeland, Fla. the past week.

Mr. and Mrs. Russell Draves motored to the Girl Scout camp at Manistee, Mich., Sunday to visit their daughters, Beverly and Mary who are enjoying a two week camp session there.

Mr. and Mrs. Claude Smith and family returned from a 10-day trip visiting relatives in the vicinity of Wishek, N. Dakota and Scotland, South Dakota. Sunday guests with the P. L. Jochums were Mr. and Mrs. Lud

wig Lischer and daughter Ilse of Michigan City, Ind.
The Goodrich Shantz family spent last weekend at the Lake side cottage in Wisconsin as guests of the Benton Moores, sister of Mrs. Shantz.
Mr. and Mrs. Martin Matuszewich and family and Marilyn Ropes visited the Frank Webers sister of Mrs. Matuszewich in LaGrange Sunday.

Mrs. Lillian Hughes and grand daughter, Susan Schullien, will spend the weekend at French Lick, Ind. with the former's father, E. Pierson.

Mr. and Mrs. Eddie Lehmann and family have purchased a home in Mokena and will move into it sometime this week.

Wednesday evening supper guests of the Richard Freund family were Mr. and Mrs. Roy Thiele and daughter of Chicago.

Brownie troop 333 enjoyed a cookout at Carlson's springs woods Monday. Thirteen girls with their leader, Mrs. H. McCutchen and Mrs. Ann Farquhar planned, shopped and prepared the out door cookery. The results satisfied the hungry Brownies and all declared another outing should be planned for the first fall meeting.

Mr. and Mrs. Harry Schmidt returned from New York City where they were called unexpectedly with the death of his father. They left the children with Mrs. Schmidt's parents in Columbus, Ohio and upon their return brought Grandma Montgomery home to Tinley Park for a week's visit.

Mrs. J. B. McCarthy and Mrs. Burt Gesstner were co-hostess at a luncheon Monday for Sister Mary Joan Agnes, B.V.M., and Sister Mary Rosemaria, B.V.M. For the past four years they have been teaching in Cascade, Ia. They will be attending the summer session of Clark college in Dubuque, and upon conclusion of the term will be given assignments. Sister Mary Joan Agnes is a sister to Burt Gesstner. They toured the Museum of Science and Industry Tuesday.

During their stay in this vicinity they were overnight guests at Holy Cross parish, Chicago.

Mrs. Don Hollingshead and family motored to Libertyville on Monday to spend the day with the senior Hollingsheads. Enroute home they stopped at Hawthorne Melody Farms and enjoyed the children's zoo and the Hop-along Cassidy ranch which opened to the public a week ago.

Mr. and Mrs. Jesse Nugent and family spent the weekend in Kentucky visiting the former's parents.

Mr. and Mrs. Peter Piazza of Sayre avenue announce the arrival of Michael Roy, born June 2 at Oak Park hospital and weighing seven pounds, eight ounces. A sister, Jennifer Lynn, aged two, completes the family.

His daddy is a salesman for Culligan Softwater Service and a reserve policeman in Tinley.

Betty Lou Schultz, daughter of Mr. and Mrs. Rheinhold Schultz and her aunt, Erna Schultz, left via train for a ten day vacation at a Colorado Springs.

Mrs. Russell Bettenhausen was hostess at a demonstration party last week Wednesday.

Mr. and Mrs. Wesley Stemm and daughter flew to California to visit the latter's parents, the Bernardini family. Mr. Stemm has returned, and Mrs. Stemm and daughter will fly back next week. They expect to move into their new home in the Parkside area in the near future.

Mr. and Mrs. William E. Mott of Minneapolis, Minn., daughter and son in law of Mr. and Mrs. Walter Thode, are the parents of a son, John William, 6 pounds 10½ ounces, born Friday, June 24 at the Doctor Memorial hospital in Minneapolis. The proud grandparents left Tuesday morning for Minnesota where they will spend their vacation with their daughter and family.
Mr. and Mrs. Lee Keller entertained at a birthday dinner Sunday for their twins, Terry and Jerry who were two years old. The celebration also honored their one year old son Randy whose birthday will be July 6. Guests were the children's grand parents, Mr. and Mrs. William Nelson of Morris.

Mrs. William Stoner and daughter Cheryl attended the Provan family reunion held Sunday in the park at Kankakee.

Mr. and Mrs. Edwin Meyers had as their guests Tuesday, her aunt and uncle, Mr. and Mrs. Charles Husum of Chicago.

Mrs. Ed. Hollenbeck returned home Wednesday from Silver Cross hospital where she was a surgical patient for sixteen days.

Mr. and Mrs. Richard DeNazzario and family had as their guests Sunday, Mr. and Mrs. Reinhart Walter and daughters Christina and Marianna of Hometown. Mr. and Mrs. Bob McElrath of Park Forest and Mr. DeKoker of Chicago. Mr. DeKoker showed movies on South America and Nassau. The group enjoyed an outdoor barbecue.

Mr. and Mrs. Harold Wollenhaupt and daughter Caryn Ann had as their guests Sunday, her brother Mr. and Mrs. Raymond LaFrancis and children Gave and Raymond Jr., of Elmhurst.

Virgin olive oil is that obtained when the olives are first pressed.

Come in to BRUNO'S Sinclair Station

doing nicely and hopes to be home real soon.

Clarence Kramer, who became ill June 18, was taken to St. Francis hospital Sunday morning, where he has been under observation the past week. Not only spending Father's Day, he also celebrated his 25th wedding anniversary, June 21, in the hospital. He is some better and hopes to be home this week end.

Mrs. Wesley Lindquist, former resident of Orland, underwent surgery in Englewood hospital. She is home and convalescing nicely. Cards may be addressed to 6700 So. Union Ave., Chicago 21, Ill. Mrs. Lindquist is program chairman, of the Orland Park Woman's club.

June 16, Mr. and Mrs. William Murphy had as their guests, the Ben Yunker family for a chicken dinner at the Moose club in Joliet, in honor of Mr. Murphy's birthday. June 23, their daughter, Mrs. Harry Hallman of Wheaton, entertained at a dinner in honor of her dad's birthday. Other guests besides the celebrant, were Mrs. Murphy and Mrs. Ben Yunker and son, Sunday, Mr. and Mrs. William Murphy were again honored at a dinner in the home of Mr. and Mrs. Ben Yunker.

The card and bunco party sponsored by the Republican Country towns committee-women held Saturday evening, June 25 at the Park Home Community house in Cicero, was well attended. Mrs. Mabel Ekberg, committee-women of Orland township, was chairman of the party and served luscious cakes and coffee. Mrs. Alberta Stewart is the leader of the group.

Mrs. Harry Anderson and Mrs. Sherman Knox attended the "Workshop" of the Chicago West-

ern district WSCS, Tuesday evening, June 21 at the Berwyn Methodist church. Refreshments were served.

Don't forget to save your papers for the Boy Scout paper drive, July 9. At the meeting Monday evening, June 20 of the Firemen's Auxiliary, held in the village hall, members voted to disburse meetings during July and August.

Mrs. Sadie Glahn of Stapleton, Neb., formerly of Orland, is a guest for the summer at the home of her son, Francis and family in Tinley Park. Mrs. Glahn is a member of the Orland Park Unit 526, American Legion auxiliary.

Mr. and Mrs. Harry Heiting were Sunday evening guests of Mr. and Mrs. Jack Ivers of Chicago. Mrs. Ivers is a sister of Mrs. Heiting.

At the annual Rock River conference held in Elgin, Rev. Robert DeMoss was returned to the Orland Methodist church, until he obtains an appointment in Westminster, Maryland, where he will continue his schooling.

Miss Rosemary Collins, 14420 Second avenue, has been accepted by Silver Cross School of Nursing, Joliet, for the class which will enter August 30. She is a graduate of Carl Sandburg high school.

KIT-TY CARSON GIVES TIPS ON OUT-OF-DOORS

By Sharon Jochum

When you are hiking in the woods this summer be sure you know how to get back out again. Anywhere and anytime if you do know north, you can find the other directions easily.

Face north and east is at your right; West is at your left, and south is in back of you.

How to find north if you don't know in which direction it lies. With a watch: (1) Hold the watch level in the sun (2) hold a twig or blade of grass over the center point of the watch, so a shadow falls on the face. (3) Slowly turn the watch until the shadow lies over the hour hand. North is the point halfway between the hour hand, as it then points, and the twelve on the face of the watch.

If you are out at night the stars can help you find your directions. The two "pointers" of the big dipper always point to the Pole Star or North Star. Face it, and you can find the other directions.

How To Use A Compass

To use a compass with a needle, (1) Face the object or direction you want to know about. (2) Hold the compass in front of you, level, so the needle swings freely. (3) The needle will swing back and forth, and finally come to a stop. It then points north. Even though you don't turn around, (4) Now turn the compass carefully keeping the needle in the same position, until the N printed on the face of the compass is directly under the needle.

The sun will also help you find directions: In the morning the sun is in the east; in the afternoon, in the west; and at noon straight overhead, pointing slightly toward the south. If you stand with your right shoulder toward the sun in the morning, or with your left shoulder toward the sun in the afternoon, you will be facing north, and south is in back of you. Your shadow will fall east or west, in the opposite direction.

Leave Grounds Clean

When you go on a picnic, be sure to put your fire out, either by drenching it thoroughly or burying it before leaving your camp site. Be sure also to leave the grounds in good order and without litter. If there are not any containers provided for waste, bury it, especially the garbage.

Don't pick wild flowers. Maybe you say you'll only pick a few, that won't hurt. But what if everybody picked just a few, there wouldn't be any left for anyone else to enjoy.

When you go hiking be sure you have jeans and a long sleeved blouse or shirt on. These articles of clothing will protect you from any harmful weeds, at least partially protect you.

If you take these precautions you will have a lot of fun this day and in the days to follow because you left the grounds clean and made sure your fire was out. Others also will have fun and probably leave the grounds if they haven't before, in good order. All because you set the example for them. They will also put out their fires if they had one and realize the fun they can have in a forest that wasn't burned down because someone didn't put out their fire.

A "struck bushes" is an even bushier.

The Great Wall of China is 1,500 miles long.

MARLEY

Mrs. Virginia Sass
New Lenox 3133

Steven Camp of Chicago spent last week with his cousin, Scott Walsh.

Mr. and Mrs. Robert Sproat and family, Mr. and Mrs. Durward Killinger and Scott and Mrs. Adella Sproat were guests at a family gathering Sunday in the home of Mr. and Mrs. Jesse W. Cory at Earlville.

Mr. and Mrs. Leo Gibbons and daughters Deanna and Cheryl of Springfield, Mo., are spending their summer vacation in the home of Mrs. Mary Marshall.

Miss Bessie Sproat visited with Mrs. Ella Heggie in Joliet Sunday afternoon. Mrs. Heggie is confined with an injury suffered when a piece of glass from a picture frame fell on her leg.

Pvt. Stanley Brown is spending a furlough in the home of his parents Mr. and Mrs. Fred Brown.

Mr. and Mrs. Russel Lauffer and family and Mr. and Mrs. E. D. Gillette were entertained at dinner Sunday in the home of Mr. and Mrs. Harley Gillette in Mokena.

Mr. and Mrs. Fletcher Binion, Sr., returned Sunday from a week's vacation in the Ozarks.

Mrs. Lena Cutler spent the week end with Mrs. Mary Marshall.

The Marley Missionary society met in the church Wednesday. The topic for the program was entitled "Faith" Mrs. Roy Hammer of southern Illinois, presented the devotion and the main topic was given by Mrs. Edward Sproat. The next meeting will be a pot luck picnic and the date will be announced later. After the meeting, refreshments were served in the church dining room by hostesses, Mrs. Everett Bell, Mrs. Ralph Spiecker, Mrs. Joe Bruns and Mrs. Royal Corp.

A 1955 Ford was found stripped along side of the road, just south of the Wilbur Cearfoss residence, near the Fred Lauffer farm on Bruce road early Tuesday morning. All major parts, fenders and doors were taken.

The tires were left on. The vehicle had a Chicago sticker and a sticker indicating that the car may have been purchased from Holmes in Des Plaines, Ill. There had also been an oil change at 1400 miles.

Mr. and Mrs. James Bransfield and family of Beverly Hills were visitors Sunday afternoon in the home of Mr. and Mrs. Glenn Peterson.

Mr. and Mrs. W. B. Storm of DeKalb, spent a few days last week in the home of Mrs. C. F. Haley.

TAX WATCHERS GIVE WARNING

Every Illinois city dweller who owns a telephone, sends a telegram, pays a gas or electric bill, or pays a water bill is liable to get soaked with a 5% tax on such bills under Stratton-Daley legislation now moving thru the General Assembly, the Taxpayers' Federation of Illinois warned today.

Little noticed in the furore over the Stratton-Daley bills to increase the State sales tax and to deprive the people of the right to vote on a city sales tax, Senate Bills 750 and 788 would give cities the right to impose without referendum a 5% utility tax to be paid by the consumers. The tax could be imposed on telephone and telegraph bills, or gas bills, or electric bills, or water bills, or on several or all of them.

On phone bills alone, averaging as low as \$5 a month, this tax would add up to \$3 a year. This is a city sales tax without referendum, the Federation points out - a tax paid by the user of electricity, water, gas telegrams or telephones which today are just as much a necessity as bread and butter; as such these bills are just as objectionable as Senate Bill 694 which

takes away from the people their right to vote on whether their city can impose a city sales tax on bread and butter and everything else they buy.

As of January of this year, 215,000 South Vietnam refugees received Red Cross parcels of food, clothing, and other necessities.

IN MEMORIAM

SCHROTH, Andrew.—In loving memory of our dear husband, father and grandfather who passed away one year ago June 30, 1954.

Many a lonely heartache
Often a silent tear
But always a beautiful memory,
Of the one we loved so dear.
MRS. ANDREW SCHROTH
Children and grandchildren

IN MEMORIAM

KNIPPEL, Raymond J. In fond and loving memory of our son and brother who passed away June 29, 1927.

'Till memory fades and life departs
You'll live forever in our hearts
WILLIAM KNIPPEL and
FAMILY

Mrs. Clara Bennett was pleasantly surprised Sunday evening when a group of friends and neighbors gathered in her home in honor of her birthday. The table from which the refreshments were served was

decorated in red and white and garden flowers, centered with a large birthday cake. A social evening was spent. The honored guest received a beautiful gift from the guests.

Mr. and Mrs. George Sangmeister, Sr. returned recently after a pleasant fishing trip and vacation at Bemidji, Minn. They were accompanied by Mr. and Mrs. Bror Johnson of Joliet.

Miss Norman Ruth Steele and Sharon Landau are attending the Intermediate camp at New Lenox this week.

David Robinson, son of Mr. and Mrs. Lee Robinson was the honored guest last Saturday evening, when a group of friends were entertained at a birthday party in his home. He was 14 years old. Besides his parents, Mr. and Mrs. Oran Link of Lincoln Estates served as chaperones. His guests were Nancy Heisner, Carol Baker, Sharon Landau, Myrtle Klier, Shirley Sievert, Clarence Heisner, Alan Fink, Alan and Arlan Schram, Albert Krusemark III, Scott Link, Terry Schroeder, Bruce Lewin and Norman Sievert. Games were played and later refreshments served. David received many lovely gifts.

Mr. and Mrs. Lee Robinson and family recently motored to Starved Rock, Deer Park and Buffalo Park.

Mr. and Mrs. Harry Miller and daughters, Gwen Lane of Culver, Ind. and Mrs. Katharine Heisner spent the weekend with Mr. and Mrs. Ray Goadby at Springfield. She is the sister of Harry Miller.

Mrs. Edna Bunge and twin daughters, Hildegard and Marian of Welcome, Minn., will arrive here Sunday for a visit with her sister and husband, the Rev. and Mrs. Erich Bizer. While here, Misses Marian and Hildegard Bunge will attend the National Teachers meeting in Chicago.

Mrs. Anthony Laurie returned home last Thursday and is recuperating nicely in her home, following surgery recently in Wesley Memorial hospital in Chicago.

Mr. and Mrs. Milton Subbert and family and Mrs. Clara Rauch visited with Mrs. Minnie Subbert at Monee Sunday.

Sunday evening dinner guests of Mr. and Mrs. Ervin Schell-hase were Mr. and Mrs. Frank Cure and Mrs. Jean Crandall of Worth.

Mr. and Mrs. Elmer Batson attended the 35th wedding anniversary of Mr. and Mrs. Edward Dorband at Blue Island Sunday evening.

Mrs. Lena Swanson underwent surgery in Silver Cross hospital Saturday. She is recuperating nicely.

The Rev. and Mrs. Raymond Bizer and family visited with his parents, the Rev. and Mrs. Erich Bizer for several days this past week. Johnny and Don aid their sons remained with their grandparents this week.

Mr. and Mrs. Ralph Heisner and sons and Mr. and Mrs. William Browne of Joliet motored to Culver, Ind. Sunday visiting with Mr. and Mrs. Edward Lane.

Last Thursday afternoon Diane Schoen was the honored guest when her mother, Mrs. Walter Schoen entertained in honor of her 12th birthday anniversary. Guests were JoAnn Johnson, Kathy Geuther, Judy Mulligan, Lorna Miller, Jeanette Marilyn and Marcia Deist, Leanne Schroeder; also Mrs. William Deist, Mrs. Marion Pomykala and daughters, Mrs. Glenn Warning and Sharon and Mrs. Oran Deist. After a gay afternoon of games, refreshments were enjoyed by all. Diane received many wonderful gifts.

Callers last week at the Mrs. Charles Hansen home were Clarence Hansen of Davenport, Iowa, John Hansen of Plainfield and Clarence Powell of Tampa, Fla.

Mr. and Mrs. Edward Tewes are the parents of a daughter, born in Silver Cross hospital, June 27. The baby weighed 9 pounds, 4 ounces.

Rufe's Ramblings

Why back yonder when I was working on the railroad down home we had a safety rule which read, "Trainmen in uniform must keep away from all hours." The violation of that rule came very close to costing me my life one time. I got too close to one who was a direct descendant of a Confederate cavalry horse. His ancestor had been struck with a sword by a man in a blue uniform. After all the uniforms worn by railroad trainmen do resemble those worn by Yankee soldiers in days gone by.

Across the street from the Rock Island's Prairie Street depot in Blue Island is a two story brick house. In back of it is another brick building which has been used as a storage place for tools, etc. ever since Pasteurized homogenized milk gained such popularity. It was in this that one morning back in 1949 the shells on a setting of eggs cracked open and sixteen fluffy chicks emerged. Of these only one survives. His name is Clint. The reason he lived beyond the age of southern fried was on account of the association. When he was less than one day old he met up with a puppy whose name was Waggle. Clint and Waggle are the same age and the friendship has lasted through the years. Hundreds of people have been amazed at the antics of the two strange companions.

Not long ago a lady was standing on the depot platform looking across the street. She turned to me and said, "Do you see what I am seeing? There is a black dog lying in that yard with a big white rooster calmly perched on top of him. I am more convinced than ever that hatred is not born. It must be taught."

"I used to believe that," I sez to her. "In the first place I am not seeing the same as you see. There's not a trainman running out of this coach yard who won't tell you that rooster is the same shade of gray that my grandfather wore from 1861 to 1865. It may be an optical illusion. It may be that we are all color blind. But our visions are not so impaired that we can't see scars from wounds which he has inflicted with his needle point spurs upon the bodies of various Rock Island trainmen. There are two reasons why Clint should feel that way he does toward the boys in blue uniforms. First, the egg from which he was hatched may have been shipped up from down home. Secondly, and perhaps more logically, it is a case of the transmigration of the soul of some Confederate soldier into the body of a lower animal. Some old Rebel's body lies molding in the grave but his soul is marching on.

If any skeptic doubts this about the black dog and the big gray rooster they have their names and address. I also suggest that they contact Leo L. Horn who wears a blue uniform with brass buttons on the suburban trains. He can show one scar be-

SAYS DRIVER TRAINING PROGRAM SAVES MANY LIVES, MUCH MONEY

Some 30,740 boys and girls will be ready to take their places behind the wheel of an auto in Illinois and Indiana this summer, according to Charles M. Hayes, president of the Chicago Motor club.

They are the high school students who have completed driver training courses during the 1954-55 school year in the motor club's two-state territory, Hayes pointed out. They join about 130,000 other youngsters who have taken the course since the program sponsored by the club was started in 1946. The program today is carried in 354 schools in Illinois and Indiana. Such courses are given at Lincoln-Way and Carl Sandberg high schools.

How well this training helps to reduce accidents can be judged by surveys which show that students trained in high school driving courses have only half as many accidents as their untrained schoolmates. Statistics reveal that in 1954 drivers under 25 years of age were involved in

between the knee and ankle on his right leg. The other wound is directly beneath the patch on the seat of his blue uniform trousers which didn't need any patching until Clint gave them a rake with his spur.

You can still lose calves from abortion in brucellosis-free herds from an attack of leptospirosis, a relatively new cattle disease that is hard to find except through a blood test.

STORAGE BIG FACTOR IN GAS HEAT PROBLEM

The Northern Illinois Gas company which last week elected a new 9-man board of directors has declared a dividend of \$1.25 a share on its 5% convertible preferred stock, and 20 cents a share on the common, payable Aug. 1, 1955 to holders of record at the close of business June 24.

The new board re-elected Marvin Chandler president of Northern Illinois Gas and named him chief executive officer to succeed Willis Gale, Commonwealth Edison company's chairman, who has served as chairman of the gas utility since it began operations in February, 1954.

President Chandler briefly outlined the company's operations in which he said the supply problem was the most important. Between last October and mid-April of this year the company has been able to supply some 40-thousand residents with gas

about 24 per cent of the fatal accidents. Yet this age group constitutes only about 15 per cent of all licensed drivers.

Hayes estimated that the cost of training a student comes to less than the repair bill of a single wrinkled fender. That includes the cost of operating specially equipped automobiles loaned to schools by manufacturers and dealers, salaries of trained instructors, and the cost of textbooks, testing devices and special equipment.

Some 6,000 high schools in the United States - about one-fourth of the total - now provide complete driver education courses, including behind-the-wheel practice. Another 2,500 high schools provide classroom work only.

During the past 20 years an estimated 1,500,000 persons, including adults, have received driver education training. Besides the saving of millions of dollars, this program each year is credited with preventing hundreds of deaths and thousands of injuries.

of those waiting for, this service continues to grow. There are 131,000 on the list now and it is getting larger.

"We will not be content as long as we have a single customer who has a legitimate need for gas and doesn't have it," Chandler declared. "We think that the Herscher storage project holds the best, earliest and most economical answer to the major part of this problem."

He mentioned the fact that an application is pending before the federal power commission for expansion of Herscher which would triple its ability to deliver gas to the company on cold winter days. If approved and construction completed before next winter, he said, it will permit making further substantial inroads into the space heat waiting list, but would not eliminate it.

"We are hopeful," Chandler continued, "that further development of Herscher in the years ahead will ultimately solve our residential space heating problem, but we are constantly studying other alternatives. I can assure you that we are sparing no effort or reasonable expenditure which would bring additional gas to our customers and potential customers as promptly as possible."

To the numerologist, the number one always means unity, two stands for diversity and marriage and three has never lost its original meaning for "all."

Library Director For Schools Gives O.K. To Lincoln-Way

Miss Mildred L. Nickel, state director of school libraries who made her official visit to Lincoln-Way, June 1, was highly pleased with the attractive library along with the library program, as supervised by Mrs. Martha Welch.

Miss Nickel recommended that

approximately \$5 per pupil be spent for a few years, until the total collection can be adequate for pupil needs. The Illinois state library has cooperated during the past school year in renting extra materials. This is only a temporary measure as other new schools will need the same arrangements.

The statue of Venus de Milo can be seen at the Louvre in Paris.

DON'T LET YOUR FAMILY SUFFER
THIS SUMMER

Now—you can
buy a new air conditioner
for only \$2⁸⁷ a week!

Why suffer through one heat wave after another this summer? Today a room air conditioner costs you less than a half tank of gasoline a week.

And what can do more for the health and comfort of your family? The '55 models do more than just cool the air. They take up the humidity that makes 85° feel like 100°. They filter out 99% of the soot, dust and pollen and blot out noises. Many brands will also warm a

room on frosty mornings.
Don't wait till the make you want is hard to get. See your appliance dealer or any of our stores now.

NEW MONEY-SAVING WIRING INSTALLATION PLAN

If the air conditioner you buy requires 240 volts, our new Wiring Installation Plan can save you important money if you live in a 1, 2 or 3-family house without this necessary wiring. The Plan is available at all electric appliance dealers. Your dealer will tell you how much money you can save and what modern wiring will mean in your home.
